22-02-2021 to 26-02-2021	Assembly Presentation by Grade V & VII Topic: Shakespeare And His World

THE MONTH IT WAZ.... (FEBRUARY 2021)

Quotable Quote: "Nothing is impossible. The word itself says 'I'm Possible'"

Special Assembly Presentation on Indian Coast Guard Day by Grade IX

Some say that animators are underrated. Others say that photographers are underrated. Think again. If there is a job out there that needs to be recognized and respected the most, but definitely isn't, it is that of a coast guard.

The Indian Army is highly respected and there have been many people from the Army that have gone down in history. And yet, most people don't even know that coast guards are also a part of the Army. Yet, despite the fact

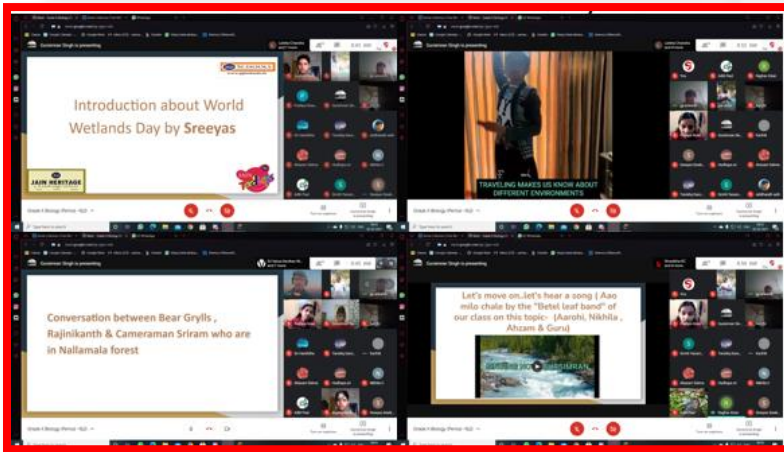

that not a single person would even bother to look them in the eye with even an ounce of compassion, they prioritize a stranger's life over their own when needed to do so. One might even call them suicidal. And to respect such legends and give them the recognition they deserve, we celebrate 'World Coast Guard Day' on the 1st of February each year.

The students of grade IX did not skip out on this opportunity and conducted a special assembly on "World Coast Guard Day" on 1st February, to commend the people that need to be commended.

Assembly started by invoking the Almighty. Anchoring was done by Deetya and Charvi. Pledge was administered by Bhavika. Thought-provoking quote was shared by Harshitha Jain, Pavitra shared a word to be added to our vocabulary, Prem had written a poem on the life of Coast Guards and recited it melodiously. Assembly was graced by our Senior coordinator - Mahesh sir. He addressed the assembly and applauded the students for showcasing their talent. All in all, the goal of the assembly was achieved, which was to pay tribute to the legends who save drowning lives with sheer skill and devotion: the heroes of the coast, the coast guards.

Special Assembly Presentation on World Wetlands day by Grade X

"Save water so it can save you in the future"

Every year, on the 2nd of February, we celebrate World Wetlands Day (WWD) to raise global awareness about the high importance of wetlands for people and our planet. WWD is also an occasion to commemorate the signing of the Ramsar Convention on Wetlands in the Iranian city of Ramsar in 1971. Wetlands are also called as Kidneys of the Environment.

Grade X students conducted an electrifying assembly on 2nd of February on the topic "Wetlands day". Assembly started by

invoking the Almighty. Students took pledge perfectly. They shared splendid thought and brought forward a new word- its meaning & usage in a sentence. News read by a student, made others aware of what was happening around the world. The students also performed a skit and gave a lot of information about Wetlands day. It included wildlife explorer Bear Grylls, Rajinikanth and cameraman Sriram. Students also sang a melodious song and performed energetic dance. PE Sir made the students exercise which made them refreshed before their classes. Class teacher Mr. Srikanth addressed the assembly with his wise words. The senior coordinator, Mr. Mahesh, addressed the assembly with his enchanting sentences.

Overall, it was an excellent assembly that made students positive & productive.

Special Assembly Presentation on World Cancer Day by Grade VIII

Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less.

World Cancer Day is an international day marked on February 4th to raise awareness of cancer and to encourage its prevention, detection, and treatment. World Cancer Day was founded by the Union for International Cancer Control (UICC) to support the goals of the World Cancer Declaration, written in 2008.

To create awareness of the same, the students of Grade VIII conducted a special assembly on World Cancer Day, 4th Feb 2021. The special assembly began with a prayer followed by pledge. The thought for the day was presented "Supporting the Fighters, Admiring the Survivors, Honouring the Taken, Never Ever Giving up Hope is the way the world can defeat cancer." A short speech on 'Why we celebrate World Cancer Day' was also delivered by Rao Shreyas. Students realized the primary goal of World Cancer Day is to significantly reduce illness and death caused by cancer and also it is an opportunity to rally the international community to end the injustice of preventable suffering from cancer. The 2019-2021 World Cancer Day theme is: 'I Am and I Will' The students paid tribute to the cancer survivors. At the end of assembly presentation, the students of grade VIII and the teachers observed a moment of silence for the people those who had lost their lives in the battle with cancer.

The assembly was concluded by taking a firm decision to "make a difference today for someone who's fighting for their tomorrow".

Assembly Presentation by Grade II Topic: Simplicity

“Nature is pleased with simplicity.”

— Isaac Newton

The morning sets the day and the assembly paves the way for our students to rejuvenate their spirits, remain rooted in their moral values, and unleash their vitality. Keeping up with the same, the students of Grade II conducted their Online Assembly from 01.02.2021 to 06.02.2021. The theme of the assembly was “SIMPLICITY”. The assembly commenced with the Morning Prayer and school song. After this the pledge was

administered, followed by presenting thought for the day and word for the day about the theme- SIMPLICITY. Pledge was administered by Samved, Mokshitha, Rachit, Ujwal, Ramnarayan, Sricharan, Alisha, Anika, Saranya, D. Tanvi, Anshul, and Alifa. Thought for the day and word for the day were presented by Kaushik, Krishna, Sahasra, Neelav, Rishabh, Srikar, Anasuya, Ashrith, Mohana Priya, Sitara, Srimukh, Sanvi, Nikesh, Nihal, Sanvi, Pranavi, Rohit, Sthavisht, Siddhidatri, Advait, Kyra, Mokshitha, Siva, Tanvi respectively. They came up with insightful thoughts and new vocabulary that were shared with all in the assembly. Word was explained with the help of a sentence. Students understood the most treasured value of human life which is “Simplicity”. A simple life gives you freedom from issues in life that should not be of major concern. Simplicity is all about focusing on what's most important to you and letting go of the rest. A simple life provides freedom. The assembly came to a fruitful end with the exercises that were done with great enthusiasm and energy. It was a pleasure to see the students performing so confidently and joyfully. The teachers thanked all the students for their diligence, sincerity, and hard work. Indeed, it was a special start to a delightful day! The assembly concluded with the National Anthem.

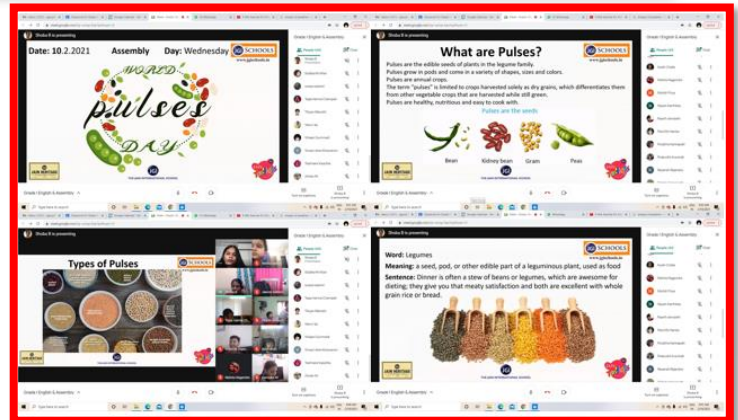

Special Assembly Presentation on World Pulses Day by Grade I

“Your diet is a bank account. Good food choices are good investments.”

– Bethenny Frankel, Reality T.V. Personality and Entrepreneur.

The “World Pulses Day” is an international day established by the Food and Agriculture Organization (FAO) of the United Nations to recognize the importance of pulses like dry beans, lentils, dry peas, chickpeas, and lupins as a global food. It also provides an opportunity to raise awareness about the nutritional benefits of pulses as part of sustainable food production aimed towards food security and nutrition.

The students of Grade-I conducted the special assembly on “World Pulses Day” on 10th February 2021. The day started enthusiastically with a prayer followed by a school song. The students of Grade-I took the pledge with Reyansh to be the responsible and disciplined citizens of our country. An enriching thought was shared by Paarth to make everyone aware of the importance of pulses in our daily diet. To enhance the vocabulary, the word for the day was shared by Teja to make everyone know the meaning of legumes. Ms. Shobha and Ms. Poojitha emphasized few points on the growth of pulses, types of pulses, and significance of pulses in our daily diet. Students were very excited to identify and tell the names of different pulses that are regularly used at their homes and were shown in the class. Students were eager to know and learn about different varieties of new pulses with their names, color, size, and shape. Students understood that pulses which are also known as Legumes are edible seeds of leguminous plants that are cultivated for food. They are low in fat and rich in soluble fiber which lowers cholesterol and helps to control blood sugar. These are also recommended for the management of some non-communicable diseases. They realized the importance of pulses and grains and how they help in gaining energy for day-to-day work.

Special Assembly Presentation on International day of Women and Girls in Science by Grade IV

**“When girls are educated, their countries become stronger and more prosperous.”
-Michelle Obama**

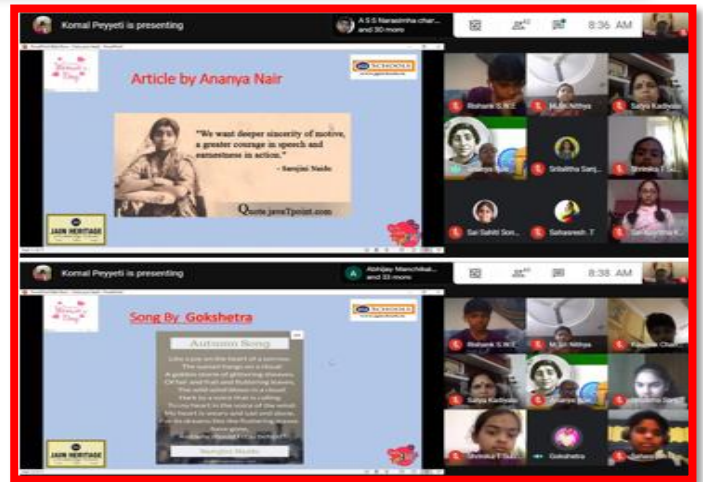

The students of Grade IV conducted a special assembly on the 11th of February on the topic “International day of women and girls in science”. To achieve full and equal access to and participation in science for women and girls, and further achieve gender equality and the empowerment of women and girls, the United Nations General Assembly adopted a resolution declaring 11 February as the International Day of Women and Girls in

Science. People say that education does not matter for girls but I say it matters. It was delightful to see everyone actively participating in the special assembly. The anchor was Ananya Shukla. The assembly started with our daily prayer followed by the school song. Then, the pledge was taken with pride by Sarayu, Tejashree, Y. Ashrith, and G. Akshara enlightened us with new and motivational thoughts. New words improve our vocabulary which can then be used in the written and oral communication. The word for the day was spoken by Veekshita. A poem is one of the strongest ways to express our emotions. An amazing poem was recited by Shreyasi that made all students very happy. Great women, who contributed to the development of science were remembered and saluted for their incredible work. Shuchita mam, our Primary Coordinator, gave an inspiring and motivational speech and appreciated everyone for a wonderful Assembly. The assembly culminated with the national anthem. The students learned that - “Don't let anyone rob you of your imagination, your creativity, or your curiosity. It's your place in the world; it's your life. Go on and do all you can with it, and make it the life you want to live.”

Special Assembly Presentation on National Women’s Day by Grade VI

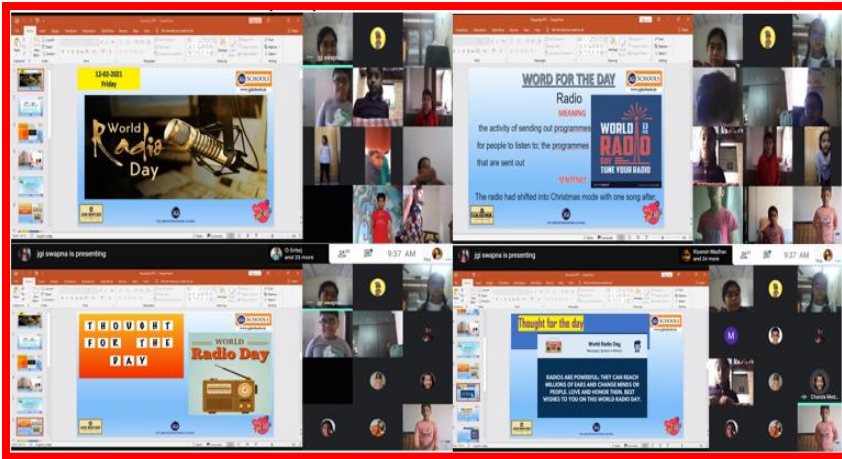

“A woman's heart holds the light that guides you even in a dark tunnel like that of your life.”
A creative force of the universe in almost all its expressions. Life begins in her womb and it is in her guiding hands and tender care. The reach of her arms can provide support to many at once and just one hug from her could heal everything from a broken knee to a broken heart. She works relentlessly; often putting more hours than are there in one single day: chopping, cleaning, cooking, nursing, working and still managing to look fresh all the time. She essays different roles, that of mother, wife, daughter, friend, counsellor, aunt, all at once; juggling it all to perfection. She is none other than a Woman. The students of VI conducted the morning assembly on Sarojini Naidu’s birth anniversary which is celebrated as “National Women’s Day” on the 12th of February. Anything we do starts with the god's grace by praying to Him. The assembly started by praying to the Almighty followed by the school song. The students presented inspiring thoughts by Sarojini Naidu, new words for enhancing the vocabulary and updated us with the latest news. A tremendous article was shared by Ananya Nair who explained to us about Women’s Day. A soothing and inspiring poem written by Sarojini Naidu was recited by Gokshetra. I extend my gratitude to Kavitha Mam and Komal mam for their support and guidance to conduct the assembly.

“Woman is a friend, guide and a partner who shows a person what loving, caring and sharing is.”

Special Assembly Presentation on World Radio Day by Grade III

"Country radio is much more like a family than any other group of people that I've met."

- Taylor Swift

Students of grade III conducted a special assembly on the topic "World Radio Day" on 12th February. Radio is a powerful medium for celebrating humanity in all its diversity and constitutes a platform for democratic discourse. At the global level, radio remains the most widely consumed medium. This unique ability to reach out to the widest audience means radio can

shape a society's experience of diversity, stand as an arena for all voices to speak out, be represented, and heard. Radio stations should serve diverse communities, offering a wide variety of programs, viewpoints, and content, and reflect the diversity of audiences in their organizations and operations. The special assembly on "World Radio Day" was anchored by G Sritej. Pledge was administered by Sai Pranav. Word and thought for the day were articulated by Chanda Medha and Krutika Y. Dave respectively. Amrutha and Ruthwika threw more light on the topic with their speeches. They described and explained the origin of Radio, inventor of Radio. Students of Grade III exhibited their artistic skills and bend towards the arts by making beautiful and colorful posters related to the topic. Posters made by many students of the class were virtually presented to all through a Powerpoint presentation. Ms. Swapna and Ms. Soni explained to the students that "World radio day" is globally accepted and acknowledges the role of the media. Authors, journalists, bloggers, and others associated with the media come together to promote this day. This day acts as a platform for the people belonging to the media to discuss and to interact about the success achieved in reaching this peak. It was a mesmerizing assembly that depicted the coordination and teamwork of the students of Grade III.

Assembly Presentation by Grade III Topic: A Goal Without A Plan Is Just A Wish

"Setting goals is the first step in turning the invisible into the visible."

- Tony Robbins

Setting goals and then working hard to achieve them sets you on the path of living a purpose-driven life.

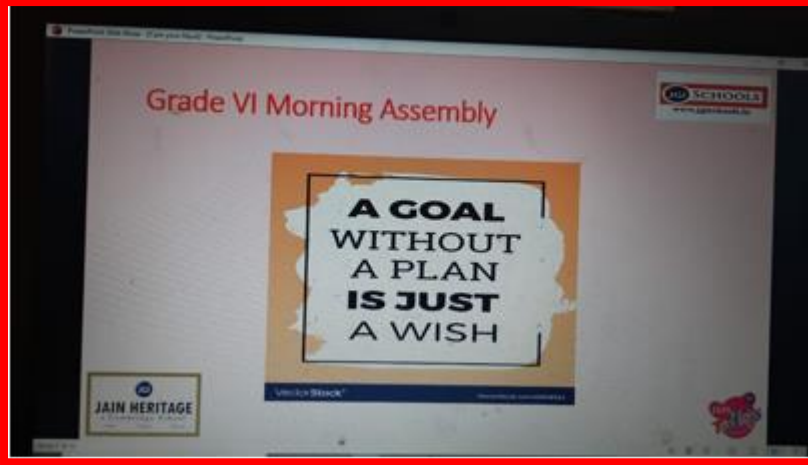

Students of Grade III presented a thoughtful assembly on the topic 'A Goal Without A Plan Is Just A Wish' from 08-02-2021 to 12-02-2021 guided by the teachers Ms. Sweety and Ms. Swapna. Students conveyed the message that a goal doesn't get fulfilled overnight. We have to work on it gradually and as we do hard work, we learn from our mistakes and discover new things. Everyone is a dreamer but those who follow their goals religiously achieve them. If you are passionate about a goal or dream of yours then don't stop until you achieve it. Do whatever it takes. Persisting in the face of adversity is what builds champions.

Meeha, G.Siri, Kiyansh presented PPTs on this topic and the pledge was administered by Aditi Gunnam, Mayra, and Satyajit. A new word to the vocabulary was added by Reyansh, Aishwarya, and Nimith. Beautiful thoughts were presented by Rishi, Hari, Sri Vardhan, and Amogh.

The assembly presentation exhibited the dedication, hard work, coordination, and collaboration of our students. The students learnt the message: "Setting goals and then working hard to achieve them sets you on the path of living a purpose-driven life."

Assembly Presentation by Grade VI Topic: A Goal Without A Plan Is Just A Wish

“A dream written down with a date becomes a goal. A goal broken down into steps becomes a plan. A plan backed by action makes your dreams come true.”

A fantastic and exceptional assembly was conducted by Grade VI from 8th -12th February 2021 on the topic “A Goal Without A Plan, Is Just A Wish”. It was very delightful to see everyone actively taking part in the assembly with great zeal. The assembly lasted throughout the week. The assembly started with the daily prayer followed by the school song. Then, the pledge was taken with pride by Vishwajeet,

Murali, Mona, Advik, Rama and Vaibhav on the respective days. The pledge was followed by the Word presented by Tarun, Abhiram, Aashritha, Sakshi, Pujitha and Venkata Harshith respectively. Motivational thoughts were shared throughout the week by Shrinika, Gurdatta, Santosh, Hanisha, Rishank and Vedansh. Sahasresh, Sahiti, Indu, Antara and Narasimha updated us with fresh and latest news headlines.

On the whole, the assembly was very educational and motivational.

Assembly Presentation by Grade I Topic: Caring for Our Wildlife

“Humankind’s greatest priority is to reintegrate with the natural world.”

—Jonathon Porritt

Assemblies are an integral part of the growth and orientation of the students. They play a pivotal role in the cultivation and sustenance of values; preparing the child to appropriate crucial roles in the future.

The students of Grade-I conducted the morning assembly on the topic “Caring for Our Wildlife” from 15th to 20th February 2021.

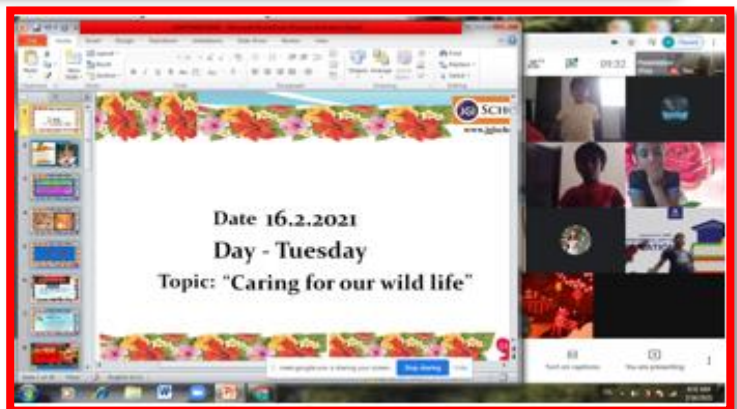

Wildlife traditionally refers to undomesticated animal species but has come to include all

organisms that grow or live wild in an area without being introduced by humans. Different days of the week were allotted to each student to speak about Caring for Our Wildlife in the assembly.

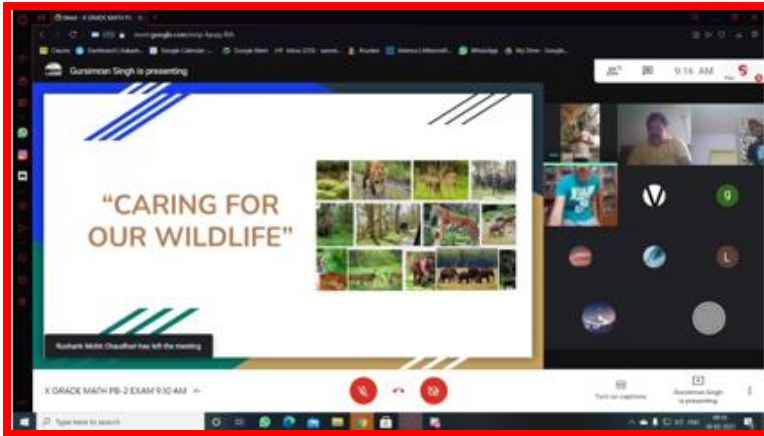

The day started enthusiastically with a prayer followed by a school song. Pledge was administered by Runisha, Mythili, Charitha, Nayan, Reyansh, and Chiranjay; followed by an enriching thought by Varun, Parinithi, Prakruthi, Rishab, Rudra, and Swara. To enhance the vocabulary, word of the day was presented by Garima, Mathew, Dhruv, Advitha, Hamsika, and Mahita.

Through an enriching thought and word, the students understood that “Caring for wildlife can also nourish our soul”. The beauty in seeing wildlife thrive in nature not only evokes a sense of wonder but is also a source of inspiration for how we live as well. So much of our history, culture, and even our religion is tied so closely to wildlife. It’s an intrinsic part of who we are and, in a way, conserving wildlife helps to preserve our identity and heritage. Ms. Pujitha emphasized the significance of Caring and conserving Our Wildlife through a quote saying “Wildlife in the world can only be protected by the love of compassionate hearts in the world.” At last, the assembly was concluded by an energetic exercise and a mindful meditation.

The assembly ended with an inspiring quote.

Assembly Presentation by Grade X Topic: Caring for Our Wildlife

" We don't own the planet Earth, we belong to it, and we must share it with our wildlife "

- Steve Irwin

Students of grade X, conducted an electrifying assembly on the topic "Caring for Our Wildlife" from 15th February to 20th February. Each morning, the students took the pledge, enhanced their vocabulary by learning new words each day, got motivated by listening to the thought of the day and got to know about the daily affairs across the world through the news. Throughout the week, students learnt various facts about our wildlife and the dangers faced due to poaching, land

encroachment and climate change, among many other reasons, which are affecting our wildlife at an alarming rate. This has led to the loss of habitat and extinction of species, both flora and fauna, across the world. They also got to know about a few examples of wildlife loss which is currently happening in the Sundarbans delta and the Amazon rainforest.

The assembly was a knowledge imparting one, as students gained an understanding about the problems our wildlife is facing and how to tackle these problems by being considerate of our Wildlife.

Special Assembly Presentation on International Mother Language Day by Grade II

"If you talk to a man in a language he understands, that goes to his head. If you talk to him in his language, that goes to his heart."

— Nelson Mandela

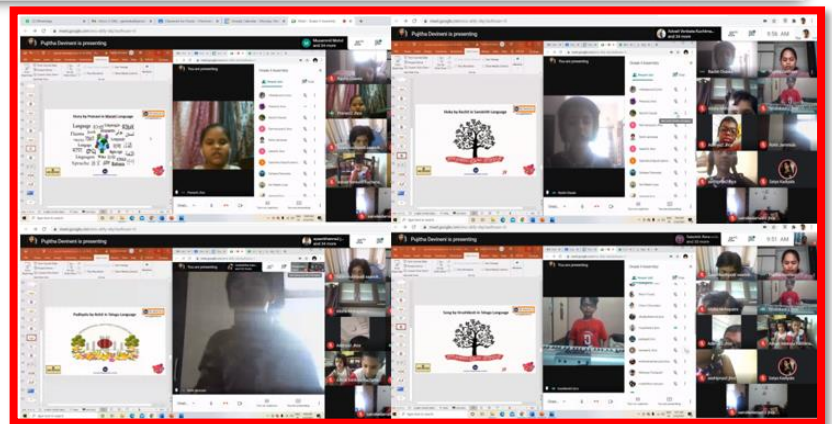

The students of Grade II conducted a special assembly on the topic "International Mother Language Day" on 22nd Feb'21. It was designed to promote linguistic, cultural diversity and multilingualism. We think this day is important as it is a time to reflect on our languages and how they shape who we are and how we view our world. Our

languages are a deep part of our cultural identity and a rich source of stories, proverbs, and sayings. Assembly started with the prayer followed by the school song. Ayaan Khanna has led the pledge in Hindi. Sathvikh presented thought for the day in Tamil and word was presented by Advait in Oriya. The word was also well explained in English with the help of a sentence. Alisha spoke about the importance of Oriya. Aashi Priya and Adithya sang songs in Tamil. Telugu Song was performed on Keyboard by Hrushikesh which was appreciated by all the students. A splendid dance was performed by Sanvi. Her little moves mesmerized everyone. Pranavi narrated a story in Oriya. Rohit presented padhyalu in Telugu and Rachit recited shlokas in Sanskrit. It was a very informative assembly under the guidance of Ms. Pujitha and Ms. Shoba. Students learnt about the history of Mother Language Day and also discussed why we needed to celebrate this day. The learners, as always, were brimming with ideas and understood the below-mentioned points:

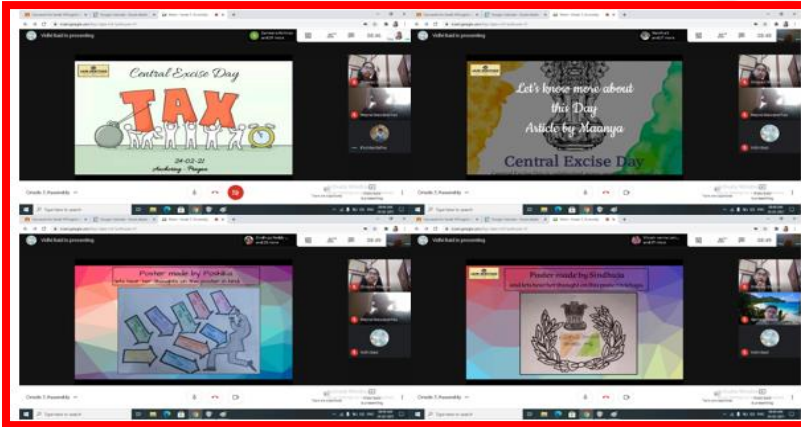

- o We need to respect our language from home, it is who we are
- o We need to respect the languages of our friends
- o Everyone should have the right to speak their language
- o We don't want languages to become extinct

The students were then asked to predict how many languages there are in the world and few students predicted over 6,000 and were very close to the mark!

The assembly concluded with the national anthem played on the keyboard by Hrushikesh.

Special Assembly Presentation on Central Excise Day by Grade VII

Central Excise Day is celebrated every year on 24th February in order to commemorate the enactment of the Central Excise Act 1944 by the Central Government. Central Excise Day celebration encourages the staff members of various excise departments across the nation to perform the duty with full sincerity in order to prevent the corruption in goods manufacturing business. The said law was also made on the very same day. Excise duty is a form of tax imposed on goods for their production, licensing and sale. Today, excise duty applies only on petroleum and

liquor. Excise duty was levied on manufactured goods and levied at the time of removal of goods, while GST is levied on the supply of goods and services. Typical examples of excise duties are taxes on gasoline and other fuels and taxes on tobacco and alcohol (sometimes referred to as sin tax). The following are the features of the excise duty are Imposition, Nature, Basis of Taxation, Payment, Scope, Maintenance of Records, Excise Rate, Administrations etc.

The students of Grade VII conducted a special assembly on the topic, “Central Excise Day” on the 24th of February, 2021. The students elaborated the importance and necessity of Excise Tax to be implemented at various levels in the society through valuable articles, poems, and thoughts. They also exhibited the same through posters and power-point presentations. To sum up, it was an attention grabbing and thought-provoking assembly.

Webinar on Collins Girls Day for Grade VIII and IX

“A good scientist is a person with original ideas. A good engineer is a person who makes a design that works with as few ideas as possible. There are no prima donnas in engineering.”

— Freeman Dyson

A spectacular opportunity was given to the girls from grade VIII and IX to attend a webinar on 24th & 25th February on the topic ‘Introduce a girl to engineering’ held by Collins Aerospace, a subsidiary of Raytheon technologies, which is changing the world, one avionic system at a time.

The webinar began at 1:45 p.m. and continued till 4:30 p.m. Host of the event Ms. Anusha Annamalai helped to entertain the students with fun mathematical tricks, brain teasing riddles, helpful facts and aeronautic related acronyms. Ms. Sanjana Iyer along with Ms. Vaishnavi Chandra Shekhar gave an introduction of what the webinar would be about and explained all of the do’s and don’ts of the following event. Going forward, we had a very convivial time with ice breakers which were taken by Ms. Shobita Bekal. Students played games such as: “Name the famous aeronautical personality”, Pictionary, and Jumbled words. Ms. Anusha Annamalai took over with aeronautical questions, guess the gibberish and more questions on aeronautics which was really very interesting and more interactive.

The agenda for the two days webinar students saw videos on Collins ‘girls day event which took place the previous years. Students were addressed by inspiring women leaders at Collins Aerospace. Ms. Sanjukta Sarkar working in the human resources department gave us a little peek at all the extracurriculars that take place in Collins. Ms. Rema Ravindran and Alka Siddqui helped answer queries on engineering, specifically aeronautical engineering.

The session was led by Ms. Akshara Ravishankar and Ms. Anudarshini Balraj taught a lot about coding with a fun game on a website named Blockly. While playing on Blockly students learnt quite a few things about coding and this session even persuaded many participants to take up coding. Session on engineering as a whole taken by Ms. Chandana Panda - associate manager, engineering and Ms. Indira Kalindi - associate engineering manager. They walked us through the parts of an airplane and their functions, the types of engineers and what they do and helped understand engineering beyond the basic veil. Students were also told about the inspiring women who worked in aeronautical engineering such as Amelia Earhart, Kalpana Chawla, Sunita Williams, etc.

Special Assembly Presentation on NGO Day by Grade V

"If you can't feed a hundred people, then feed just one."

– Mother Teresa

International days are occasions to educate the public on issues of concern, mobilize political will and resources to address global problems, celebrate and reinforce the achievements of humanity. Students of grade V conducted a special assembly on the topic "World NGO Day" on 26th February. World NGO Day is observed on 27th February by people internationally. The day is observed every year to encourage people worldwide who are involved and dedicated

towards a good cause. The observation of World NGO Day was founded in 2009 by Law student Marcis Liors Skadmanis. The special assembly was anchored energetically by Sriyayan. Pledge was administered by Aarya. Word and thought for the day were articulated by Ujesh and Harshitha respectively. Rohitha, Aarushi, Durva, and Pritam threw more light on the topic. They described and explained the importance of World NGO Day. Also, they intricately interwove the connection between the charity and how it is being used in reforming the lives of the needy in India. Anutara explained about some eminent personalities who are contributing towards NGOs, thus helping the people who are deprived of basic civic amenities. Prithviraj narrated a story through an interesting PPT on how an underprivileged boy was taken care of by an NGO, how he had risen in his life and he then started taking care of the other underprivileged children by donating and actively working for NGOs. Mary Jessica presented a collage of images that depicted the contribution to society by the NGOs. She also recited a beautiful poem. Students of Grade V exhibited their artistic skills and bend towards arts by making beautiful and colorful posters related to the topic. Posters were very expressive and colorful. They were presented to all the students and teachers virtually through PPT. This special assembly has created a positive impact on the tender minds of young students. Many students expressed their desire to contribute to the development of our nation by taking care of needy people. The students learned some key facts from the special assembly:

1. Unlike most businesses, NGOs do not strive to make a profit, but only to help people.
2. World NGO Day celebrates the work NGOs do worldwide.
3. This day hopes to inspire more people to become actively involved and help them.
4. NGOs play a critical part in developing society, improving communities, and promoting citizen participation in social upliftment. Overall, it was quite an informative assembly that involved 100 percent participation by the students. The students developed metacognitive skills, artistic skills, and learned how to coordinate their activities with others.

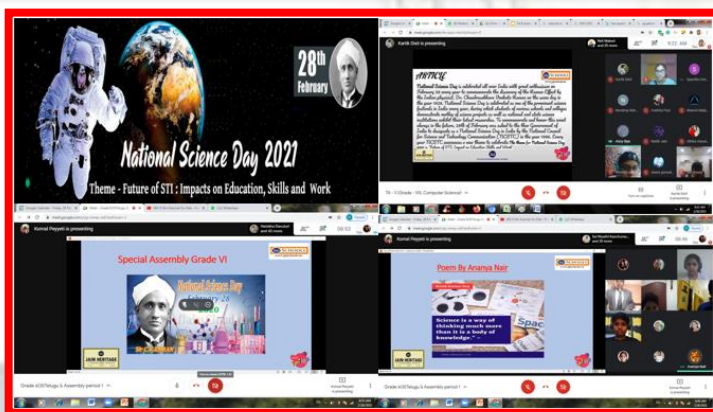

Special Assembly Presentation on National Science Day by Grade I to X

'Science of today is the technology of tomorrow'. National Science day was celebrated by the students of Jain Heritage, a Cambridge School on 26th February 2021. This day is celebrated to remember the great invention by the Indian Physicist Chandra Shekhara Venkata Raman who discovered 'Raman's Effect'.

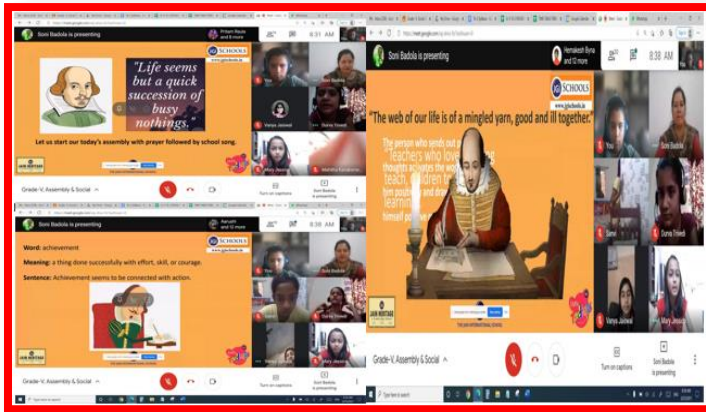

Students held a special assembly to mark this occasion. The day began with introduction of our Scientist Dr. C.V. Raman followed by speeches. Students from Std I to X participated in Quiz, debate and innovative projects. Children

disguised themselves as famous scientists from various fields.

It was indeed a very knowledgeable day in which the main motive was to spread a message about the importance of Science used in the daily life of the people.

Assembly Presentation by Grade V Topic: Shakespeare And His World

“All the world’s a stage and all the men and women merely players. They have their exits and their entrances, and one man in his time plays many parts.”

-By William Shakespeare

The students of Grade V conducted the assembly on the topic “Shakespeare and his world” from 22nd March to 25th March.

William Shakespeare was an English playwright, poet, and actor, widely regarded as the greatest writer in the English language and the world's greatest dramatist. He is often called England's national poet and the "Bard of Avon". The

assembly started with the Guru Shloka followed by school song. The assembly included the thought for the day, Word for the day, news, and warm-up exercises. The assembly was anchored by Kanyadhara Akshara, Durva Trivedi, Prithvi Raj Paul, and Srijayan Pallerla. Pledge was administered by Aarushi Adya P, Harshith Cheryala, Ujesh Chinhara, and Tanmoy Das. Thought for the day was spoken by Arya K, Pritam Raula, and Yashas Reddy. Ch Aayush, P Vyshnavi Devi, Kanyadhara Akshara, and Vanya Jaiswal enhanced the vocabulary of the students by speaking the word for the day. As responsible citizens, we should be aware of what is happening in the world. News was read by G. Yuktha, S Sai Kruthi, and Rohitha K. The morning session culminated with soothing exercises to release the stress and look forward to the blessed morning that God has gifted us. The students learnt about Shakespeare and his work from the different assembly presentations. His extant works, including collaborations, consist of some 39 plays, 154 sonnets, three long narrative poems, and a few other verses. His plays have been translated into every major living language and are performed more often than those of any other playwright. The assembly presentation showed the importance of coordination amongst the students and was also reflective of their good work and efforts.

Assembly Presentation by Grade VII Topic: Shakespeare And His World

Shakespeare was an actor, poet, and playwright. He was born April 26th, 1564, he passed away on April 23th, 1616, just three days before his 53th birthday. Growing up, Shakespeare had three younger brothers, Gilbert, Richard, and Edmund, and two younger sisters: Anne, who died at seven, and Joan. When he was just 18 years old, he married Anne Hathaway. Together, the two had three children. Susanna, and a pair of twins, Hamnet and Judith. Shakespeare wrote many renowned plays like; Romeo and Juliet, Hamlet, Othello, and The Tempest. To this day, people still re-enact these plays. First

seen to the public in 1597, Romeo and Juliet are actually an adaptation of a poem, previously written by another author. People believe that the play was written between the time period of 1591 and 1595. Macbeth is another tragedy written by Shakespeare to be a play. It was first performed in 1606, being first published in the year 1632, after the death of the author. In the theatre, Macbeth was often associated with a curse. Instead of calling it by its actual name, people called it "The Scottish Play,". Scottish because in the play, Macbeth was Scottish. To summarize, Shakespeare was an extraordinary person. He is often called the English national poet and considered by many to be the greatest dramatist of all time. He occupies a unique position in world literature. The students of Grade VII conducted the morning assembly from the 22nd of February to the 26th of February on the topic, "Shakespeare and his World." The entire week was illuminated by praying to the almighty followed by the school song. The pupils presented various articles on Shakespeare, poems from his writings and plays. Furthermore, the vocabulary of the peer group was strengthened with new words shared throughout the week. Altogether, it was an enlightening assembly.

Creativity Column

I WISH...

I feel like I am stuck, Between Corona and home,
I feel like I am, A sad, scared and frightened
gnome.

I would love to have some
fresh air and breeze.
And not the polluted one,
That makes me sneeze.
I would love to hang
around nature,
It's beautiful plants and
trees.

With which I would be
immensely pleased.

I would love to go to school.

Where I have friends who care,

But now that it's Corona time,

For me no one is there!

I would love to travel the world,

Where I would see new places.

But now if we travel, It is us that Corona chases!

I am sick and tired of Corona.

I want Corona to go away.

I hope Corona would be just a delusion,

To which I would wake up one day!

ANANYA NAIR, class VI A, Junior Student
Coordinator, Jain Heritage A Cambridge School,
Kondapur

ONLINE CLASSES

Class class, online class

I miss my offline class.

Every day I see all my friends

away,

But I want to meet them, talk
and play.

In this online I like many things,
Of the children who do naughty
things

Some are playing, some are eating

Most of them are writing and chatting.

Teachers are speaking, sweetly softly

Parents are also studying and watching.

Teachers are working all day long

For the growth and benefit of all.

Class class online class

I wish to go back to my school

Now I want the regular class.

ANURAG, class IV, Jain Heritage A Cambridge School,
Kondapur, Hyderabad

TOWARDS A FIT LIFESTYLE

Yoga, meditation, and physical exercise in class help students in a number of positive ways. It helps them focus on their task, increases attention span as well as keeps them active all through the day.

Jain Heritage a Cambridge School believes in the philosophy of the holistic development of a child that includes physical and mental strength. Every day in the morning, children take part in meditation for five minutes to help their mind be

Anunidhi Sharma, NiE
Coordinator, Jain Heritage
A Cambridge School

Kondapur

at peace before starting the day. The younger students have the Physical Training (PT) period in which they are motivated to do exercises daily. Students also practice the exercises every day at home and reap the benefits of yoga and PT.

Students practice yoga exercises like Surya Namaskar, Matsyasan, Padmasan, etc. Introducing physical education in virtual school has improved the academic performance of children.

Koteshwara Rao undertakes these wellness activities and coaches the students of the primary section about different asanas and their benefits. Students understand the importance of these wellness activities and do the exercises by following the instructions.

"Physical fitness is not only one of the most important keys to a healthy body, it is the basis of dynamic and creative intellectual activity."

- John F Kennedy
