

THE MONTH IT WAZ.... (March 2021)

Date	Event
01-03-2021 to 06-03-2021	Assembly Presentation by Grade IV & IX Topic: Self-confidence and Self-esteem
08-03-2021 to 19-03-2021	Virtual Exam in JHCS Kondapur
27-03-2021	Reminiscence 2020-2021

Quotable Quote: "Education is the most powerful weapon which you can use to change the world".
— Nelson Mandela

**Assembly Presentation by Grade IV
Topic: Self-confidence and Self-esteem**

A person's worth in this world is estimated according to the value they put on themselves.

~ Jean De La Bruvere

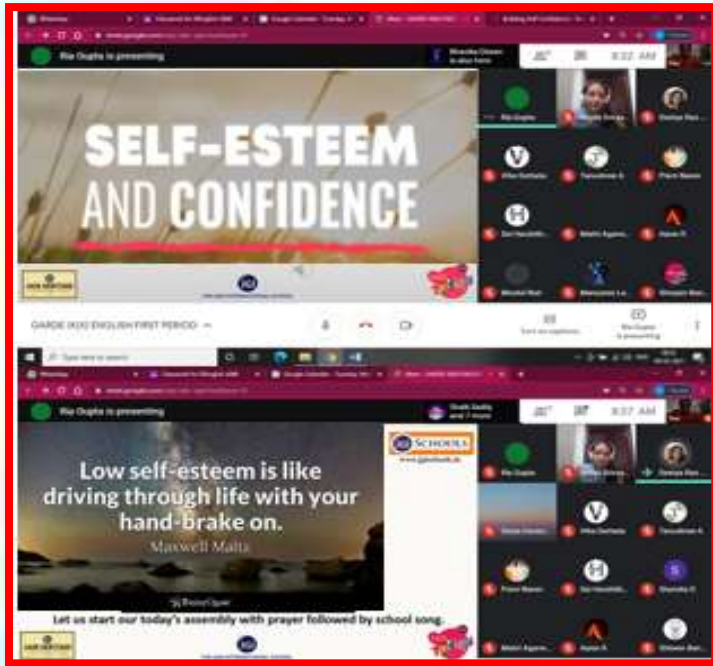

Confidence is a measure of faith in one's abilities; Esteem is about our sense of self. It involves both thoughts and emotions, and influences how we perceive others and interact with the world. When children have healthy self-esteem, they tend to be more confident. Grade IV students conducted Morning Assembly from 1st March – 6th March on the topic of Self-confidence and Self-esteem.

A week was allotted to the different students to present in the assembly. The day started with Guru Vandana followed by the school song. Students of Grade 4 well prepared for the assembly. P.Siri, Sai Varshith, Veeksha, Eeshaan, Suhas, Nainika were the perfect anchors during the assembly. Pledge was administered by Parth, Manvitha, Maanvi, Tejasree, Shiven, Allyson. Thought for the day was presented by Anushka, Vallabha, Ananya Shukla, Shrivalli, Shourya, Laasya. Ashrith, Arianna, Umika, Shreyas, Ananya Shrivastava, Akshara actively presented word for the day. Along with the words and thoughts Abdul, Veekshitha, Shaanyu, Hasika, and Shreyasi beautifully recited poems and shared the ways to increase self-confidence.

The students understood that we are happier in life which affords us the most opportunities of gaining our esteem. Most people see self-esteem and self-confidence as identical features. These words describe two intertwined attributes. Students should have both self-confidence and self-esteem.

The presentations by the students during the entire week were very interesting. Every day, the assembly culminated with energetic exercise and a mindfulness meditation followed by the national anthem.

Assembly Presentation by Grade IX Topic: Self-confidence and Self-esteem

Self Confidence is a super power. Once you start to believe in yourself, magic starts happening. Self-confidence is a state of mind where someone pushes their boundaries and encourages belief from the very beginning and this comes from a place of self-love. If a person possesses self-confidence, then he/she has inevitably won half the battle.

A mesmerizing assembly was conducted by the students of Grade X on the topic “Self-confidence and Self Esteem” from 1st March – 6th March. Anchoring was done splendidly by the students every day. Pledge was administered with pride. Overwhelming thoughts, insightful words and enlightening articles were shared by the students in the assembly. We were updated with the daily news. Overall, the assembly was impeccably executed.

Virtual Exam in JHCS Kondapur

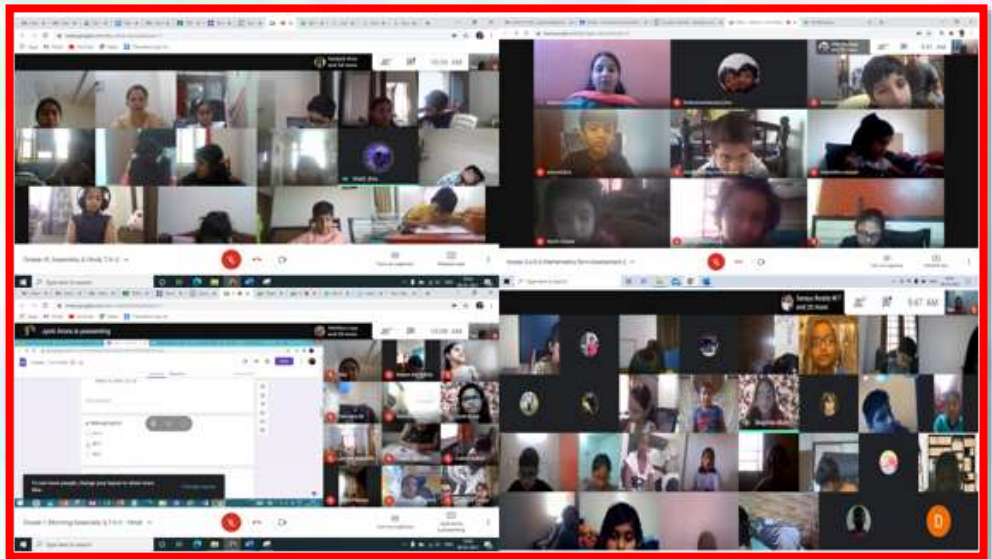

*“Nothing is impossible. The word itself says ‘I’m Possible’”
– Audrey Hepburn*

For many students around the world, the end of the school year is associated with high-stakes examinations. These are often used to select or certify students as they move from one level of the education system to the next. In general, examinations are used to make decisions about an individual student’s progress through the education system, including the allocation of educational opportunities.

With the coronavirus forcing school closures and bans on group gatherings, taking exams on school premises became difficult. This necessitated our school to innovate and use digital means of conducting the examination. The students and teachers have been using the same means to conduct tests and assessments throughout the year. So, when the time came for conducting the final exams the teachers were ready with skills to create digital forms for the question papers, and students were equipped to take the exams using mobile devices, tablets, or laptops.

At the end of the academic year, Virtual Term assessment - II was conducted smoothly in JHCS Kondapur from Grade I to VII from 8th March to 19th March.

Technology nowadays is the center of our life. It constantly influences our life and decisions and is crucial to our learning experience. Google’s virtual platform was used for conducting the examination. All the students of Grades I to VII attempted the exam online. The final virtual online exam included questions of both- objective and subjective type, testing students’ abilities. Parents also played the crucial role in helping the students with technical issues of uploading the scanned images or PDF files. With the preparedness from all stakeholders -teachers, students, and parents the exams were conducted smoothly for all the classes.

Reminiscence 2020-2021

Parent-teacher meetings are a great way for parents and teachers to bond and cooperate with the sole intention of bettering the children. With more and more of our daily communication taking place digitally rather than face to face, the PTM has also taken a leap and embraced the virtual platform.

PTMs are important to keep parents informed about their child's

progress, their child's performance at academics, and at the same time, help the teachers understand the child and help them improve in case they are lacking in any department. As JHCS, Kondapur held the online PTM for the session 2020-21, for the classes I to VII, the school was delighted to witness the synergy between parents and teachers making it a success. Virtual PTM has helped teachers and parents connect virtually to engage in a transparent and open discussion for the children's better future.

The class teachers of Grades I-VII successfully conducted a virtual P.T.M. on 27.03.2021, for their respective classes, interacting with parents. The teachers made use of the digital application, Google Meet to interact with parents via video call. Main points discussed were:

1. Parents were assured that there are sincere efforts taken by the school and the teachers in providing quality education to the children, thereby looking forward to the betterment of the child.
2. Parents were requested to ensure that their ward keeps up with and regularly attends the online classes and practices the study material that is sent on a regular basis. Many points related to how the student can manage his/her time effectively and can ensure steady learning in the given situation, were also discussed.
3. Parents were advised to motivate the child to practice continuous writing as well, to make sure that the student does not lose touch of writing, since most of the learning is being done using online tools.
4. Many parents raised issues of network and problems of connectivity during classes due to which the child sometimes misses out on the topic being done. They were assured that the child can contact the concerned teacher for clearing his/her doubts, and can also refer to the study material that is sent to support the topic covered in online classes.
5. Feedbacks from the parents were taken about the overall session (2020-21) and assured that the same would be taken care of.
6. Furthermore, achievements of the students were also presented and discussed regarding their progress in both scholastic and non-scholastic areas.
7. Report cards were sent across to the respective students after the PTM.

Testimonials

As the current academic year is about to finish and as we are about to start the new academic year, we want to take a moment to appreciate the Good work done by the Jain Heritage team during the year which was full of new challenges and surprises.

Firstly, each of us will acknowledge that 2020 was a challenging year with a lot of restrictions about how we live and go about everything. With COVID rapidly spreading it was impossible to commence normal classes as it would present a higher risk of infection.

Thanks to the Out of Box thinking of Jain Heritage leadership - Mona Mehdi Mam, Lakshmi Rao Mam and Chandra Sekhar sir that they have come up with the idea of Online classes. The thought of online classes for students with such young age, presented with many new challenges and was an uphill task as it was an unknown territory for all of us.

But kudos to Meghana mam, Pujitha Mam, Swapna Mam, Jyoti Mam, Shobha Mam, Samatha Mam, Soni Mam, Koti Sir, Komal Mam and entire JGI team for ensuring that such uphill task looked like an easy task. We appreciate the outstanding efforts put into helping our kids learn new things. Having been part of this journey for the last one year we all agree that this was not an easy task but the JGI team has managed to pull it off with absolute precision and always managed to do it with a smile.

While we Commend the efforts for making this academic year a huge success, we are entering the new academic year with a Confidence that with the help of this team we can face any difficult challenges that are presented to us and achieve new peaks.

Thank You JGI Team!! Kudos!!

- Parent of Lakshmi Gayathri
Grade - I

With the hard times and the looming uncertainty at the beginning of 2020.

It was a worrisome period on how the academics would fare and with the launch of the online classes it became further more concerning.

There were lot of questions on how it will happen, will the teacher - student rapport will be built.

Will the child cope up with the concepts and syllabus?

However, the things soon settled down with a commendable effort put in by the teachers.

Leaving the conventional way of teaching and adopting the online mode would have been a real difficult but this transition appeared to be seamless.

All thanks to the teachers and all the staff who would have contributed/collaborated with 3rd parties for conducting the online classes.

I would also like to thank the management who stood up to us in terms of working out the fees revision and also providing the flexibility of payment.

-Parent of Ayaan Khanna
Grade II

I Radhika mother of V. Amrutha from class 3B really want to appreciate and thank you all the wonderful teachers of JGI for the way they have conducted the online classes for the year 2020-2021. Despite of the pandemic issues all the teachers have worked very hard and shown a great patience in teaching our wards. I could see my child being much advanced for her age in computers and has shown a great interest in learning the new tools and challenging ideas that helped the children towards a creative and technical bent of mind. Although it's a virtual class the efforts put by teachers and students in conducting the extra cultural activities like drawing, singing competitions is marvellous.

Thanking again the entire school staff and mona mam for this amazing experience.

-Parent of V. Amrutha
Grade III

When the COVID-19 pandemic brought the world to a standstill with the closing of schools, colleges, and offices, schools became online and teacher's tech-savvy in no time, taking up the challenge of teaching students through a virtual platform. This daunting task of teaching, checking notes, conducting tests, and PTMs was executed immaculately by JHCS, Kondapur. Even the Annual day function was conducted with great zeal and enthusiasm. I salute the school, especially teachers for all their hard work and dedication that led to the successful completion of the academic year-2020-2021.

-Parent of Abhinav Padmaram
Grade VII

Testimonials

Shubha Berawat, Mother of Raj Berawat
(class VIIth 'A')

I would like to express my appreciation towards all the teachers of Jain Heritage Cambridge School for the commendable job they are doing with the "Online Classes". It is truly a new advent for both the students and their teachers. Amid "social distancing and stay home orders, teachers have turned out to be the great superheroes for our children.

You all are also making sure that kids do exercises during the class to reduce the stress. It is really commendable.

I would like to thank all the subject teachers of class VIIth 'A' (Krishnaveni ma'am, Kavitha ma'am, May ma'am, Sangeeta ma'am, Vanisha ma'am, Kati Sir, Sparsha ma'am) for their sincerely, honest devotion. Thank you for being a guiding light for wonderfully creating the online classes & helping the students to be on track academically. We are extremely happy to be a part of JGI.

Parents of Aryan Berawat
Grade V 'B'
Jain Heritage a Cambridge School
Hyderabad, Kondapur

I would like to take this opportunity to thank all the teachers for the efforts they are putting together to teach our children. Preparing lessons, making kids learn through fun, all this through distance learning. It is very difficult to teach small kids online. However you all are making sure that each kid gets proper attention and the learning is smooth.

I really appreciate the fact that focus is not just on finishing the syllabus but also ensuring that each kid is learning properly. You all are also making sure that kids do exercises during the classes to reduce the stress. It is really commendable.

Once again thank you all the teachers who are helping my child learn today and everyday. A special thanks to Anuridhi ma'am for always being available whenever I need her help. She has always made sure my queries are answered. I also love the way she conducts the class.

A big thanks to JGI teachers, for the way they conducted online classes. My son Prem Naren was so prompt in attending classes, and his attention levels never wavered. He is attentive and participative in all classes throughout the year. That itself is a testimony for the well conducted classes. Saw him doing assignments and projects on a regular basis. And the kind of training given for Mock Parliament is exemplary. In spite of the limitations of online classes, JGI teachers rocked in conducting classes in a holistic way.

-Parent of Prem Naren
Grade X

I really appreciate teachers' efforts they have put behind my kid especially this year. I was worried in the beginning about virtual classes but the way teachers were handling children and answering doubts of each student so patiently was incredible. It has been a great support during these hard times of pandemic and uncertainty. I am my family appreciate all the efforts of each individual teacher and management to keep us involved and motivated.

THANK YOU JHCS KONDAPUR

-Parent of Sai Aasritha
Grade VI

Dear mam, we joined our kids in JGI school the academic year of 2020, we were little bit nervous because of online / virtual system. It is very new to kids and parents and of course teachers too. It was hectic Initially for the teachers and students. All have learnt how to cope up with the situation! kudos to all the member who have supported the virtual system. Virtual system has properly maintained by teachers and management. And Kids adjusted to their hard times. Hope everything will get normal by this upcoming academic year.

-Parent of Shaanyu
Grade IV

I want to thank all of the teachers of Jain heritage a Cambridge school for the hard work they have put in for the online classes explaining everything in a detailed manner each day. A big thank you to all of them and especially to the class teacher of my kids, Sirisha ma'am

-Parent of Shireen and Shreyan
Grade IX

Testimonials

Dear Sir /Madam,

Mar'20 was a turning point in view of pandemic situation faced by people across the globe. There seems to be lot of awareness in terms of keeping one's health in good condition following all the given guidelines from the major health hazard during these situations. One thing that remains in common is educating people & children which will be an ongoing process that never ends.

Sailing through the rough Sea of COVID-19 situation at a peak stage, continuation of children's education was a question that remained in the minds of parents as to how their kids will have their grades, classes and further teachings will progress during these scenarios. Considering this, all the schools have taken initiative to move with on-line classes that has brought a relief to parents and zeroing down their worries. On the same note I feel that JHCS has done a wonderful job supplying online logistics to accommodate online classes, informing parents on change in teaching methodologies and creating that hope & confidence as to how JHCS can do things differently.

Further adding JHCS has effectively communicated to parents on updates from newsletters to exam timetables, continuation of extracurricular activities and finally acknowledging the star performers by encouraging children on their performance even during such pandemic situations.

On the top it was equally challenging time for Kids and parents who were working from home to devote their time to their kid's online classes and making sure their kids are making progress.

Managing house hold chores, doing work from home and managing the kid's online classes was a tough job to the parents which was achieved to the greater success.

We feel that it was a collective effort from JHCS and parents to make sure the children's studies are not disturbed while ensuring online classes are given due importance and is being achieved with greater discipline.

Finally, I would like to thank & appreciate JHCS & Teaching staff for all the good care they have taken by continuing the student's education from classroom teachings to online classes during these pandemic situations.

**-Parent of Anshul Chaitanya
Grade II**

I would like to take this opportunity to thank the school and Principal ma'am for Systematically scheduled and professionally executed online classes organized by the school. I want to thank all the teachers of the Jain for the efforts they are putting together to teach our children. Preparing lessons, making kids learn through fun, all this through distance learning. However, you all are making sure that each kid gets proper attention and the learning is smooth.

I really appreciate the fact that focus is not just on finishing the syllabus but also ensuring that each kid is learning properly. The kids are also enjoying the co-curricular activities which are taking place along with the main subjects. It makes them look forward for the classes.

You all are also making sure that kids do eye exercises during the class to reduce the stress. It is really commendable.

It is indeed a very difficult time for all of us but the teachers are making sure that learning doesn't stop.

Once again thank you all the teachers who are helping my child learn today and every day. A special thanks to Kavitha mam for always being available whenever I needed help. She always made sure my queries are answered. I also love the way she conducts the class.

**-Parent of Vaibhav Chanda
Grade VI**

I would like to thank all the teachers who faced enormous hurdles and still went on to teach the students virtually. A heartfelt thanks to all the GURUS. Grade X is a critical milestone for all students and the teachers contributed by putting their heart and soul in the best way possible towards their academics. As a parent I acknowledge the hard work put in by Srikanth sir and all other teachers.

Kudos to all of you!

Awards & Rewards

Our Principal Dr Mona Mehdi along with CEO Dr Chandrashekhar DP, received the award for outstanding contribution of JHCS KP in the Haritha Haram project taken forward by CII

TEEING OFF IN JAIPUR

It was December 9. I was very excited about my trip to Jaipur, the Pink City. I was desperately waiting for 2 pm, the time we would leave for the airport. I attended the online classes, had my lunch, and was finally ready to go. About three hours later we were finally there! It was about 5:30 pm. We reached our hotel an hour later. We rested for a bit, had dinner, and slept.

The next day I got a pleasant surprise. We went to play Mini Golf! I was so excited as I had never played Mini Golf. While we were in Jaipur we saw the famous Hawa Mahal and other monuments. It was a great trip.

THE GALE

The wind is blowing
Through her hair
Through her coat
Wanting to take her
On an adventure
She resists the
non-verbal push
And goes forward
To live a life
She despises
A life so boring
That people call it normal
The wind knows what, Has to be done
But for his new mission
He can't take her away from
This normal life so easily
The wind tries and tries till
She finally gives in, And understands what
The non - vocal was saying
She leaves everything behind
And follows the wind
To places far and beyond
From her "normal" life
She tells her story to her kids
Of how the wind is given
A mission to guide, Others away from
Normal and to adventure
How the wind tries to help many
But successes very few
How the wind tries to
Help others find themselves
But loses himself on the way
He knows that, But all he wants is
Others to find themselves
Even if it means he has to
Lose himself from time after time.

A woman is an important part for our social, economic, political and cultural development. Sania Mirza is a very popular and professional tennis player who became the first ever Indian woman to win the title of Women's Tennis Association (WTA). She inspires youth who are interested in lawn tennis and became the role model of many upcoming tennis players.
