FROM PRINCIPAL'S DESK

Dear Little Friends, School teaches us to give grace to others and receive more grace ourselves. The school imbibes the virtue of love, patience, and hard work, and a scientific approach boosts confidence. The school prepares us to fight the battle of life and meet the challenges comfortably. The school makes us understand that our life is a plain canvas, our abilities are our colors, and our choices are the strokes on the canvas. We learn that attitude is the mirror of the mind. It reflects our thinking. It is we, who decide to treasure this canvas, as a masterpiece or an unnoticed

Do not compare yourselves to others. What water can do, gasoline cannot; what copper can do, gold cannot. Each one is unique. You are here to be you. Don't get scared to ask questions. It doesn't matter if we don't have all answers. What matters is, do we have the right questions. Remember, Arjuna asked questions to Lord Krishna, and the answer came as Bhagwad Geeta.

*So Inquire, inspire, and innovate!
Paint the Canvas of your Life!!!!
Lots of Love and Blessings!!!*
