

## July 2021

### FROM PRINCIPAL'S DESK

*Education is not just a process of giving knowledge for a future job but a lifelong process which creates an understanding of moral and ethical values to guide ones life in a right path. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face the future challenges. Parents, students and the school authorities are a team and we have to complement each others efforts.*

*At JHCS, we focus on complete development of our students by involving them in both scholastic & co-scholastic activities. I am sure this will help our children to realize, understand & explore their talents. In order to do this, the parents and the school authorities must work together to inculcate certain values in the students. Children learn a lot of values when they are involved in social cause. Some of these life skills & values cannot be taught in the classroom or at home. JHCS provides enough opportunities for the children to participate in such activities.*

*If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits. Therefore, children must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at Jain Heritage A Cambridge School Nagpur.*

*Do the work with intention not because of compulsion. With all my love, best wishes and blessings.*

# Doctors Day - Grade VI I

Even when kings ruled our land ,  
They worked for our sand .

Wonderful people aren't they doctors and nurses ,  
They worked through in the pandemic  
even after hearing people's curses .

When the world was safe at home ,  
They couldn't even come to home

Their injection causes us great strife ,  
But , truly they are the elixir of life ....

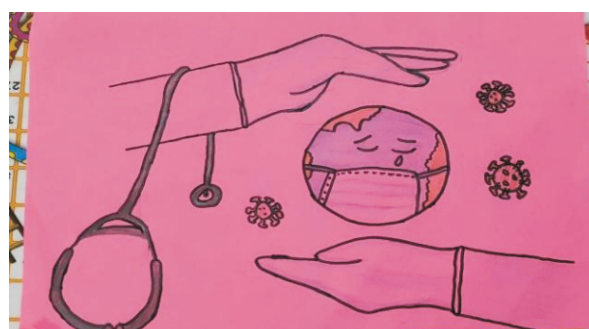

Their injection is a magic wand ,  
They're always there to serve motherland

Poem on Doctor's Day....  
White coat is like moon in darkness,  
Your Name is like a hope in illness,  
You do your best to cure us,  
We Can see how you care for us,

Your life is filled with all sacrifice,  
Yet you deal with us soo nice,  
You love your work with all your heart,  
The science of body is made an art,

I want to be a helping hand like you,  
I want a kind Heart like you,  
I want to serve my nation like you,  
I want to be just like you.  
Happy Doctor's Day.....

# Catchy Story (English)

## THE COWS AND THE TIGER

In a deep forest, there lived four cow friends. They always lived together. Wherever they went, they all went in a group. In spite of living amidst the wild animals, no one could ever dare to harm them due to their unity.

A tiger was aspiring to feast upon these cows for quite sometimes. But whenever he tried, he was driven away by all the four by their joint efforts.

One day, the cows had a big quarrel. That day, each one went alone in a different direction to graze. The tiger got the right opportunity. He attacked the cows one by one and ate them up.

Moral: UNITED WE STAND, DIVIDED WE FALL.

## Parent Testimonial

Being a parent of a child with special needs is not at all easy but when you get a proper support and acceptance it's not that difficult at all.

I got my bit of support and acceptance from Jain Heritage School.

They not only got admitted my daughter but also accepted her as she is. With the help of supportive and caring teachers she has started participating in activities and studies too.

Because of this pandemic issue physical schooling is not possible. And as till KG II she was in different school. Attending online classes suddenly with all new atmosphere and new faces initially she was little hesitant but day by day she is trying to adjust and doing all possible good things only with the help of generous teachers who listen her with their patience and calmness.

What else a parent want for their kid?

Who knows one day with this kind of love, affection and support she might outperform?

Admission is just a word but acceptance is all about emotions.

This is just a small thank you note.

Thank you JGI!!

## Teacher's Corner (Poem on Kargil)

रयतेचा राजा....

काय रे कारगिल

असं कसं तू विसरला

तुझ्या सख्याचा रक्ता वाहताना

तू कसा शांत राहिला...

थंडी असो की हिवाळा

छत्री स्वेटर त्याचा तूच होता

उन्हाळ्यातील गरम वाफा देखील

थंड झुळुका त्याला वाटत होत्या..

भारत मातेच्या रक्षणासाठी

क्षणभरही तो थांबला नाही

प्राणाची आहुती देणा-या ला

विसरून आपण चालणार नाही

शत्रूशी लढताना

पत्करले त्याने वीरमरण

तेव्हा हरली एक माता हिरकणी

हरली एक पत्नी सावित्री

वीर पित्याच्या पराक्रमाची

धाडसी कथा पुत्र गर्वाने सांगे

बाबा सरीख करेल सेवा

वचन देई त्या सूर्य पित्याला

जिम्मेदारी ने घेरलेल्या मित्राचे

वाचवले त्याने प्राण

ये दिल मांगे मोर म्हणत

अखेरपर्यंत तो लढला...

मरेपर्यंत लढत देऊन त्याने

यशस्वी केले ऑपरेशन विजयला

मृत्यूच्या झुंजी मधला

अजिंक्य असा राजा तो ठरला...

बर्फाच्छादित पर्वताच्या

टोकावर तिरंगा त्याने फडकवला

त्याच तिरंग्याची चादर ओढून

रयतेचा सेवक नाही तर रयतेचा राजा तो परतला...

## Teacher's Corner

As we lose ourselves in the service of others, we discover our lives and our own happiness.

Pandemic has divided people and has forced to stay indoors. Lashing the lives of many, it has led many petrified. When many domesticated themselves at homes, many were stranded. But this Pandemic gave the opportunity to many who think I am only one, but I am one. I cannot do everything, but I can do something. And I will not let what I cannot do interfere with what I can do.

Ankush Bhadange, Science teacher, JHCS Nagpur is one who thinks such. "Pandemic gave me an opportunity to help poor and needy people. We were a young bunch of players who wanted to help the needy people. I still remember the scorching heat in the month of April where labors of other states were stuck and we used to distribute food to poor people. I have personally experienced the moments when they were standing in a line in the afternoon some were without slippers. Old, young; men, women; eagerly waiting to get food. Facial expressions of their children squeezed out the story about their hungry stomach. Some mothers were waiting for me personally to bring milk packets for their babies and one lady kissed me on my forehead saying that Jeevan ma suna tha bhagwan musibat ma kisi na kisi avtaar ma aate hai madat karne, aaj dekh bhi liya. ! moment that will be there in my brain till I die, says !nkush.

It is not enough to be compassionate, you must act. It is only then that the Earth will turn into a beautiful place. Post Unlock 4, when majority of the public outlets were unlatched, the situation turned grave. With the death toll increasing rapidly and search for oxygen and ventilator bed surging, people again found themselves in dire straits, some like Ankush Bhadange ran amok to aid the distressed. Its due to such human beings that being human still exists. In this busy world where humans cant find ti me for oneself, its a great deal if one gets involved in the service of others. And when two helping hands are joined by many the world will become a better place to live in because the core values of social work include compassionate service to others, fostering dignity for all individuals, social justice, and promoting stronger human relationships.
