

**JUNE 2022**

**FROM PRINCIPAL'S DESK**

A warm welcome to you all from Jain Heritage A Cambridge School, Nagpur. I look forward to an exciting school year filled with academic, social, and emotional growth opportunities for every student. At JHCS, we will continue to provide a safe environment where students have the opportunity to learn at their own levels. Our dedicated and caring teachers enjoys a professional learning community that works collaboratively to ensure that the individual and diverse needs of students are met through an academically rigorous and differentiated instructional program. We remain focused and committed to encouraging all students to be confident, caring, and self-motivated, while becoming contributing members of the community. We will work to provide a safe environment for academic excellence while fostering critical thinking skills that enables students to tackle the challenges of our global society.

As parents and community members, I ask for your full collaboration and assistance in continuing our efforts to strive for greatness and meet the individual needs of every child. Furthermore, I encourage you to visit us frequently during the course of the school year and inquire often about your child's progress. Together, we can ensure your child has the best possible educational experience.

With Best Regards

As per the report of the Kothari Commission, "the destiny of India is being shaped in its classrooms." Education ingrains civic and social responsibility among everyone. India is a land of diversities. Therefore, in order to bring unity, education is a means

for emotional integration. We cannot do without any kind of education. Education is an essential aspect of human development. Education is a means of achieving a world of peace, justice, freedom, and equality for all. Thus, education is extremely necessary for all. No good life is possible without education.

It endorses the intelligence of human beings, develops his skill, and enables him to be industrious. It ensures his progress. Education also channelizes the undeveloped capacities, attitude, interest, urges and needs of the individual into desirable channels. The individual can adjust and modify his environment with the help of education as per his need.

Teachers play a very important role in shaping the future of their students. Right from kindergarten to university, they are the ones who impart knowledge and teach us about everything important. Moreover, they also teach us about ethical values and imbibe in our moral values. Thank you so much teachers of JHCS Nagpur for being helpful for me. Luckily I was able to have a teacher who pushed me all my limits and always believed in me. That marvellous teacher was my tenth grade Mrs. Asha Sharma Ma'am. She was the one who encouraged me whether it was in class, it was sports or activities, interacting with everyone, taking part in the assembly, all she wanted me to speak and get out of my shell. I am proud that I studied in JHCS Nagpur.

Thank you to all my teachers for being supporter for me.

# WELCOME BACK TO SCHOOL !!

Students of JHCS Nagpur were highly excited to come back to school after summer vacation. All had great fun taking pictures in the Selfie Kiosk.

# FIRST DAY OF SCHOOL

First day of JHCS Nagpur after Summer Vacation!!  
Your first day at school opens the door to unknown experience and opportunities. On the first day of school after summer vacation the child gets up excited and put on the uniform. The feeling it gives is so memorable, you can never forget it.

# WORLD DAY AGAINST CHILD LABOUR

Students of grade VI of JHCS Nagpur presented special assembly on “ World Day against Child Labour ” through skit. A wonderful message was given & a lot of learning has happened.

# WORLD BLOOD DONOR DAY

Every year on June 14, countries around the world celebrate World Blood Donor Day to raise awareness of the need for safe blood and blood products and to thank voluntary, unpaid blood donors for their life-saving gestures. A special assembly was conducted by grade VI students of JHCS Nagpur on World Blood Donor Day.

# PARENT ORIENTATION @ JHCS NAGPUR

Parent orientation programs help parents to voice their opinions. They can share what they feel about the school, the system, teachers, etc. Also, parent orientation programs help parents to know about something new that has been introduced in the school for their kids. The new academic session 2022 -23 started with a bang where the Principal Mr. Praveen Sharma highlighted the USP & other facilities of the school along with PITCH philosophy in his address. Few parents shared their feedback & appreciated the team of teachers & staff for their relentless efforts. The parent turnout was awesome with a complete House Full.

# INTERNATIONAL YOGA DAY

Yoga is an ancient physical, mental, and spiritual practice that originated in India. The origin of the word "Yoga" is from Sanskrit, which means "to unite". On June 21, it was recognized by the United Nations. Yoga has gained tremendous popularity not only in India but across the globe. It marks an opportunity to spread awareness about the benefits of yoga. Team JHCS Nagpur wishes you all Happy International Yoga Day!!

## storm inside the heart

Moushami Sha

Posted 11 months ago

Standing between the flame  
at the fireplace of my home.  
I was taking a note of my past  
struggling in a thunderstorm.

It wasn't a storm outdoors,  
it was from inside her heart.  
she was begging, 'halt atleast!'  
it was trying to tear her apart.

I didn't want to help my past,  
coz, struggles helps you grow.  
I shouted from the fireplace,  
let the stars copy your glow.

I wanted her to have confidence,  
like the fire where I was standing.  
She started to build a new kingdom  
now, no other will be commanding!

## Unconditional belief in God

Every day early morning a little girl would come to the temple and stand before the idol, close her eyes and with folded hands, murmur something for a couple of minutes, then open her eyes, bow down, smile and go out running. This was a daily affair. The temple Poojari was observing her and was curious about what she was doing. He realised that she was too small to know the deeper meaning of religion & that she would hardly know any prayers. But then what was she doing every morning in the temple? A few days passed and Poojari now couldn't resist but to find out more about her behaviour. One morning, the Poojari reached there before the girl and was waiting for her to complete her ritual. He placed his hand on her head and said, "My child, I have been seeing you since the last few days. You come here regularly. What do you do?" "I pray," She said spontaneously. "Do you know any prayers?" asked the Poojari with some suspicion in his voice. "... No" Replied the girl. "Then what are you doing closing your eyes every day?" he smiled. Very innocently the girl said: "I do not know any prayer, but I know 'a, b, c, d... up to z. 'I recite it five times' and tell God that, 'I don't know your prayer, but it cannot be outside of these alphabets.' Please arrange the alphabets as you wish and that is my prayer." And she ran, jumping on her way out. The Poojari stood there dumbstruck, staring at her for a long time as she disappeared running in the wilderness.

This is THE UNCONDITIONAL belief in God that we pray.

## Why is school uniform important?

Uniforms are one of the essential components of school. But why? Let's understand through a story-

\*Pravir is a kid living in Shimla. He was excited to go to his school after summer vacation in the form of a 4th grade student. He was naming his new books, setting up his school bag and being ready for the new term.

His mother came in and said, "Tomorrow we're going to the school for collecting your uniform. So be ready." Pravir gave a huge sigh and thought that why schools have uniforms.....

"What happened boy?", asked his father.

"Oh Dad, I was just thinking that why schools have simple uniforms even though the school building is so tall and impressive! Why schools have uniforms Mum?", said Pravir.

"Well, every school has numerous students that come from different regions, social and economic backgrounds. They all are different from each other. So, to maintain uniformity between all students so that they are equal in the school in terms of clothes and education and training, schools make simple uniforms that show equality.", replied his father thoughtfully. "Oh, so that all students are equal before the school, the school has a uniform....yes Dad, if we see kids wearing fancy clothes in school, there would be no discipline. Secondly, other students may feel envious if they see some kids in party clothes and some in dull ones, they would compete with others which will result fights in the class", said Pravir. "Now I have understood that why uniforms are essential. I love my uniform. I'm very excited to wear uniforms. Yahoo!"

## Women Empowerment

### Freedom

Freedom is one of the most important thing in a democratic country like India. Freedom is all we need and we get it. Despite being part of 21st century there are some places and peoples who think women looks good at home rather than working. A women is a daughter, sister, wife, mother and many more we all should respect women and give women freedom rather than judging her and giving imprisonment. Girls should go to school and study, providing a proper education to a girl is main agenda of women empowerment. Being financially responsible is of the most important thing in a women's Life.

### Are women secure?

I salute to every women who works late night for herself and being able to financially responsible. But late night working womens are not at all Safe. Many time they get sexually assaulted in offices, school, streets many places but she never tell just because she is scared of what society will think and this gives power to the person who is teasing women's. 292 cases has been registered of sexually assaulted but imagine the women who do not complaint in police , they are more than 300 cases of sexual assault in India and we need to stop it not only in India but all over the world . Women is considered God in every religions but do some people really respect them? Think.

In our National Pledge there's one line

"All Indians are my brothers and sister" but don't even think twice before doing sexual assault to girls, they have said pledge but who do this things to their sister? . All women need safety and it's right for her to ask for protection. Stop assaulting women's they are important in someone's Life.

## Science and Technology

Science and technology has went far throughout the years and still upgrading. Science and Technology is most important for 21st century. Womens distribution is in medical field too

Some of the medical and technology inventions by women-

### **Medical Syringe**

It was invented by Letitia Geer in 1899.

### **Electric Refrigerator**

It was invented by Florence Parpat in 1914.

### **Radium**

It was invented by Marie Curie in 1902 and she was also the first women professor of general physics.

### **Cure for African Sleeping Sickness**

Physician and pathologist Louise Peace conducted research and the human trials In Africa, that led to cure African Sleeping Sickness.

And many more

Thanks to these wonderful women's for these greatest inventions.

In the book: Thea Stilton Sister of Germina Stilton. When she was mousting she had a great experience of her own Journalism classes, Now she met special student are: Colette, Nicky, Pamela, Paulina and violet. They liked thea so they named "Thea Sisters."

Story: Violet found Bridget during the break between classes. She was shy and quiet mouselet. They became good friends, violet asked if they can meet afternoon for practice. Bridget smiled and said "I have to leave Scotland once" she comfort her again and again. She said "I have to complete a mission. My grand father loved that castle. The next evening, violet check a e-mail that "Macmouse the Castle in Danger, I need your help". Violet ran to Paulina's room and all girls were there. Violet showed message to all were in trouble so all go to Professor Rattcliff. She knows Bridget more so they explain her. She take out three book named "History of Scotland, Scottish Castles and Legends, A guide to the Isle of Skye". Professor Rattcliff said you all have to go to Scotland. All were confused but then they were ready but headmaster Ottavio de Mausus wasn't allowing to go but Professor Rattcliff <sup>convinced</sup> to headmaster, finally headmaster allow to go. They all pack up and ready to go. The next morning they reached to Airport, they catch the flight to Glasgow when they reached to Glasgow and then they take a motorcycle for rent then they go with motorcycle almost two hundred miles.

There was fine rain and they continued driving, after some time they spotted a beautiful place they stop the motorcycle and watch it for sometimes, violet wants to reach to destination so all continue, they reach to castle and they listen "You can forget it Angus we're not turning castle into amusement park!" So after they knocked the doors and two rats were there one of it asked "Who are you?" We are friends of Bridget said violet. Some voice came from backside so they ran, "Not only is Bridget delaying our meeting but she's invited strangers into the castle". Angus said "Don't be so grouchy Angus" they asked some question they replied, they stay with them but Angus and his sons don't seem too worried about Bridget's disappearance! At evening, Orson replied "Maybe Bridget arrived without noticing so you should check her room" all were nervous but they gone. They also met Ewan the Bridget's grouchy relatives! Ewan told the Ancestor who love celebration, tradition and culture. One morning they all decide to find Bridget at lighthouse. all go to lighthouse, finally they find Bridget. I escaped from fox of them I jumped onto a boat docked at the wharf. But just as I sent a text message to violet, wave rocked my cell phone fell into the sea! And all she explain "So we have to find lost will violet replied. "I knew you'd understand!" said Bridget. Finally they got it. Everyone celebrate all the festival. The Thea Sisters encounter Celtic legends, cryptic message and hidden treasure on a trip that's full of surprises!

The main character in the book and the main character and  
 was member of a group called Animorphs, there were four  
 other members who could transform into animals they were  
 fighting a parasite, that was able to go inside a  
 host and take control of their body they  
 were forced to do that cause they cannot hear,  
 smell, taste, eat and can even barely see so they  
 gotta get inside, inside a host then they can  
 see clearly and everything was normal for them  
 Animorphs were fighting these creature because they were  
 were like a virus spreading, faster and faster each stage  
 until it's late. These were reasons why Animorphs were fighting  
 them, Animorphs had problems too they some disturbance  
 in which they re-reveals their animal form which happened  
 so they will be sent out of the group so they cannot
