**FROM PRINCIPAL'S DESK**

*Education is not just a process of giving knowledge for a future job but a lifelong process which creates an understanding of moral and ethical values to guide one's life in a right path. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face the future challenges. Parents, students and the school authorities are a team and we have to complement each other's efforts.*

*At JHCS, we focus on complete development of our students by involving them in both scholastic & co-scholastic activities. I am sure this will help our children to realize, understand & explore their talents. In order to do this, the parents and the school authorities must work together to inculcate certain values in the students. Children learn a lot of values when they are involved in social cause. Some of these life skills & values cannot be taught in the classroom or at home. JHCS provides enough opportunities for the children to participate in such activities.*

*"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits." Therefore, children must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at Jain Heritage A Cambridge School Nagpur.*

*"Do the work with intention not because of compulsion." With all my love, best wishes and blessings.*

### INFLUENCE OF INTERNET ON CHILDREN

In today's world, the use of internet has become indispensable. From school children to professionals, everyone turns to the internet for information, social networking or entertainment. The growing influence of internet, especially on school children, has both positive and negative aspects. The advantages mainly include, access to information. Children get the required help from the internet for completing their school projects and often their home tasks. Different child friendly websites cater to the kids. They provide much needed information on various subjects like astronomy, geography, science and others. They contain updated facts on these topics which are often unavailable in the books. Graphical presentations, colourful images attract them and through interactive games, these websites also educate them. Social networking websites also enable them to interact with friends and relatives staying in distant places. These advantages also happen to be the negative aspects of the internet. This is because of the ease with which all kinds of information is available to a child. Similarly, with the same ease he or she might access information to advantage to a child or websites which are not meant for them. Again, social networking sites give them the opportunity to be in touch with friends who are away from them. However, through such networking sites a child may develop friendships with those whom he or she does not know in person and often fall prey to child abuse. Apart from these, a child may become so engrossed in virtual world of the internet that he or she might ignore real friends and relations. He or she also suffers. Children often turn to the internet as a source of entertainment.

They play games most of which involve violence which leaves serious psychological impact on the child, often making him insensitive to the suffering of others.

Thus, we can see that the internet has both positive and negative influence on the children. To increase the positive impact and minimise the negative effect, parents can play an active role. They should keep a check on the websites visited by the child during his or her internet sessions. Parents should have a good bonding with the child so that he or she does not hesitate to ask for parent's help if one falls a victim to cyber bullies. The child should be made to realise that the world of internet is a virtual one. Internet is necessary as a source of information and communication but it cannot be a substitute for real life, real relations and real friendships.

Technology is making advancements at a swift rate but at the cost of a valued tradition - crafts industry. The traditional crafts industry is losing a lot of its trained and skilled craftsmen with that, the art of embellishing brass and copper utensils with fine engraving is also disappearing. The government has identified around 35 crafts as languishing crafts.

The speciality of handcrafted items in its design, an association with long traditions belonging to a specific region. The word 'handcrafted' does not imply the involvement of electronics, increasing production and promoting efficiency have taken precedence. The labour saving devices are taking the place of handcrafted tools and this has jeopardised the skills of these artisans.

Mechanisation has made its way into everything - cutting, polishing, edging, designing, etc. Ideally, the use of machinery should be negligible and the handcrafts should be made purely by hand with a distinctive shape artistic appeal. However, with the exception of small scale industries, the export units are mostly operated by machines.

गांधी जयंती, लाल बहादुर शास्त्री जी के जन्मदिन के उपलक्ष पर सुविचार ..

\*अहिंसा परमो धर्म: -

\*जय जवान जय किसान-

प्रिय छात्रों यह दो अनमोल रत्न

श्री मोहन दास करमचंद गांधी जी, और श्री लाल बहादुर शास्त्री जी, जिन्होंने भारत भूमि पर जन्म लिया उन्होंने अपना जीवन सार्थक किया, क्योंकि उन्होंने समाज को संस्कार दिए और सब को यह समझाने का प्रयास किया। गांधी जी जिन्होंने यह बताया। कि अहिंसा के मार्ग पर चल कर हम बहुत कुछ कर सकते हैं। ईश्वर ने जो जन्म दिया है उन को मारने का अधिकार किसी को भी नहीं है। जो बात प्यार से हो सकती है वह हिंसा से नहीं। यह व्यक्तव्य गांधी जी ने पूरे समाज को दिया। त्याग एवं समर्पण का संदेश दिया।

लाल बहादुर शास्त्री जी जिन्होंने बहुत कम समय में इतना नाम कमाया कि सदियों तक उनका नाम रहेगा। उन्होंने किसान को महत्वपूर्ण बताया क्योंकि किसान है जो करोड़ों लोगों का पेट भरता है। उसकी मेहनत अकथनीय है। हमारे सैनिक, जवान है जो सीमा पर रहकर हमारी रक्षा करते हैं। हम घर में चैन की नींद से अपने घरों में सोते हैं। यह नारा शास्त्री जी ने पूरे समाज को दिया और सब को बताया कि जीवन को किस तरह सादगी से बिताना चाहिए। सच्चाई और ईमानदारी के लिए उनके प्राण तक चले गए। इन दोनों अनमोल रत्नों से हमें यह सीख लेनी चाहिए कि जीवन जियो तो ऐसे जियो मुझे मैथिलीशरण गुप्त जी के दो लाइने याद आ रही हैं -

हुई ना यों सुमृत्यु तो,

वृथा मरे, वृथा जिए।

**दशहरे एवं नवरात्रि की शुभकामनाएं....**

**ॐ ॐ बुराई पर अच्छाई की जीत.... ॐ ॐ**

इस कथन को दशहरे का त्यौहार सिद्ध करता है। यह त्यौहार इसी उपलक्ष में मनाया जाता है कि मनुष्य कितना भी गुणवान क्यों ना हो पर ,यदि वह अत्याचार करता है या अहंकार करता है ,तो उसको यह समाज कभी भी स्वीकार नहीं करेगा । उसकी सदा ही हार होती है ,चाहे वह कितना भी बलशाली ,शक्तिशाली और बुद्धिमान क्यों ना हो। जिस तरह रावण 16 कलाओं को जानता था । इतना शक्तिशाली था कि उसने यमराज को भी अपने कब्जे में कर के रखा था, परंतु अहंकार और कुकृत्य की वजह से उसका ही नहीं उसके पूरे कुल का विनाश हुआ। दशहरे का त्यौहार बुराई पर अच्छाई की विजय का प्रतीक है । इसलिए हमें सदा अच्छे काम करने चाहिए।

नवरात्रि में इन 9 दिनों में पूरा वातावरण मंगलमय हो जाता है। मनुष्य अपने सभी दुखों कष्टों को भूल कर सुख में डूब जाता है । इसका अभिप्राय यह है कि जीवन में उतार-चढ़ाव आते रहते हैं परंतु हमें सदा हर्ष के साथ जीवन को जीना चाहिए । देवी मां यह भी संदेश देती हैं कि कोई भी अत्याचार करें । उसको सहन नहीं करना चाहिए, क्योंकि अत्याचार का सर्वनाश अवश्य होता है ।जैसे कि ईश्वर स्वयं आते हैं इस धरा पर ऐसे लोगों को सजा देने के लिए हमें केवल सुखमय एवं प्रेरणादायक जीवन को जीना चाहिए नवरात्रि के त्यौहार का यही देवी मां का पूरे समाज को संदेश है।
