THE MONTH IT WAZ (December 2020)

Assembly presentation by
Grade I-X
Topic:
"Leadership & Motivation"

"Limitations live only in our minds. But if we use our imaginations, our possibilities become limitless." ~ Jamie Paolinetti

Morning assemblies make students feel fresh, energetic and spiritual to start the day with positive vibrations. They learn valuable lessons and develop confidence and self-esteem. In the first week (1st to 5th) of December all grades from 1 to 10 started their day with assembly theme "**Leadership and Motivation**". All the classes started the day with prayer song, followed by school song and national pledge. They presented a new word, thought for the day, importance of the day and updated news with day-to-day happenings. The assembly ended with national anthem. The Power point presentations prepared by class teachers based on the theme were noteworthy. The class teachers announced '**Star Child**' for the

Mrs. Saraswathi

week and also winners of the CCA competition.

“National Pollution Control Day”

December 2nd is observed as National Pollution Control Day every year. The day is observed in the memory of those who have lost their lives in the Bhopal Gas tragedy on the night of December 2nd and 3rd, 1984. The

environmental pollution, directly and indirectly, affects the quality of life more than one can imagine. All this is mainly caused by human activities which harm the environment in many ways. Nowadays, pollution prevention is a major global concern because everyone on the earth is entitled to clean air to breathe, water to drink and to enjoy public lands. According to the National Health Portal of India, every year around 7 million people globally die due to air pollution, 4 million of whom die from indoor air pollution. The pollution level is so high that nine out of ten people globally do not have access to safe air. On this occasion, the students of Grade 9 conducted a special assembly and performed a skit on the awareness of prevention of pollution. The assembly was very informative and productive.

Mrs. Neetha

Collage Making Competition

Collage making competition was conducted on the theme “Virtual Learning Platforms” on 5th December 2020 for the students of grade 6 to 10. All the participants brought newspapers, magazines, scissors and other raw materials to create interesting displays. A number of students participated in the competition which helped them to showcase their talents on the paper. They got the opportunity to showcase their talents and divergent thinking along with the creativity. The students were given a chance to decide what and how to use the materials to express themselves. The students who participated in the competition enjoyed making the collages. The students were able to give a vision to shape their skills that can help them to grow and benefit at the long run. They learnt to handle the given material carefully and were able to translate their imagination on the paper. School has been organizing such activities and helping the students to encourage them to display their talents.

Mrs. Madhuri Mishra

Assembly presentation by Grade I-X “Aspiration”

Every individual aims at reaching a definite good or excellence in performance and in doing so, he sets desire for distinction which has an inner structure known as level of aspiration. Aspiration is something leaders need to leverage as they seek to inspire their followers.

Aspiration is about setting goals. Aspiration is a process of reaching for the stars. The students of JHCS, Shamirpet were given a wonderful opportunity to conduct a week-long assembly on the theme “Aspiration” from 7th December 2020 to 11th December 2020. The assemblies on Aspiration made the students to recall their aspirations and goals in their lives. The students shared motivational thoughts, new words daily happenings and articles based on the theme.

Mr. P. Praveen

Armed Forces Flag Day

Assemblies are an important feature of School's routine. They are a means to create a positive, reflective ethos and promote value-based education. They powerfully nurture the development of intrapersonal intelligence. To infuse the importance of assembly, the students of Grade 8 conducted a special

assembly on the theme “Armed Forces Flag Day” on 7th Dec, 2020. They prepared a Power Point Presentation and shared the same during the assembly. Poojitha explained the importance of “Armed Forces Flag Day”. Indian *Armed Forces Flag Day* is also an occasion to reaffirm our commitment to looking after soldiers who sustained injuries in combat operations and the families of martyrs. The Indian Air Force marked the occasion by urging everyone to contribute to the success of the day. It is a time for Indians to express their gratitude and appreciation to the current and veteran military personnel of India and to acknowledge those who died in service to the country.

Mrs. Sreelatha.M

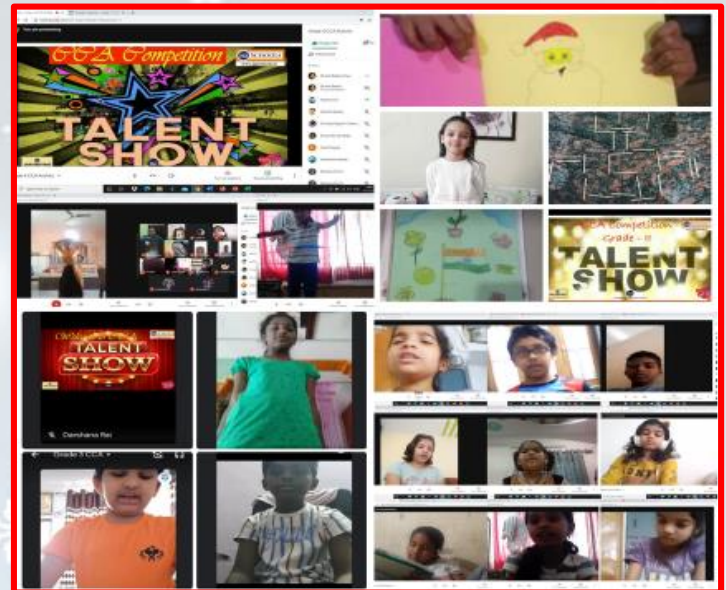

Talent Show

“Everybody is talented because everybody who is human has something to express.”

Primary grades from 1 to 5 had CCA competition on 11th Dec, 2020 conducted virtually on the theme – “**Talent Show**”. Most of the students participated in the competition with immense excitement and enthusiasm. Talent shows can be seen as a way to boost the self-esteem and confidence of students and overcome their fear and anxiety. The students showcased their flair for dancing, singing, narrating a story, drawing, performing yoga, hula hoop, showing patterns with cube and reciting a poem. The class teachers judged the students on the parameters of originality, coordination & organization, audience engagement. Everyone appreciated and were delighted to see distinct talents of the students.

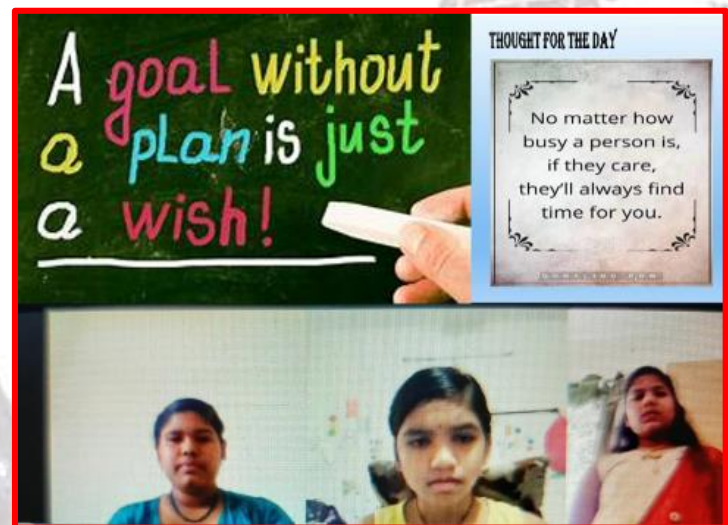

Mrs. Saraswathi

A Goal without a plan is just a wish

“A goal without a plan is just a wish” was the theme for the morning assembly from 7th Dec to 11th Dec. All grades from 1 to 10 started their day with this assembly theme. All classes started the day with prayer song, followed by school song and national pledge. They presented new word, thought for the day, article related to the theme and updated news with day-to-day happenings. The meaning of theme was explained by the teachers during the assembly time. The assembly ended with national anthem. The theme based Power point presentations prepared by class teachers were remarkable. The class teachers announced ‘star child’ for the week and also winners for the CCA competition.

Mrs. Saraswathi

National Energy Conservation Day

The National Energy Conservation Day is being celebrated every year on 14th December globally. With the growth in the population, the requirement for energy is also increasing continuously. Thus, every year 'Energy Conservation Day' is celebrated to raise awareness among the general public about the importance of energy conservation and energy efficiency. Energy conservation is an effort made to reduce the consumption of energy and to use at least energy so that energy sources can be saved for future uses. However, energy conservation is achievable either by using energy more efficiently or by reducing the amount of service usage. Most of the energy sources we use in our daily lives are 'non-renewable' they cannot be reused and renewed. Therefore, every individual must include energy conservation as part of their behaviour and to make energy conservation plan more effective. Grade III students presented their morning assembly on 14th December 2020 on the topic "National Energy Conservation Day". The students showed great enthusiasm in presenting the assembly. Shashwath, Harshine, Dhruv, Hemadrija and Moksh sharma shared valuable information about "The National Energy Conservation Day".

Mrs. Darshana

International Tea Day

Morning assembly is an influential way to instill discipline and also to set a joyful and focused tone for the day. The students of Grade II presented the special assembly on "International Tea Day". The tea-producing countries celebrate the day every year on December 15th 2020 to draw the attention of governments and citizens around the world to emphasize the impact that tea trade has on workers and growers. The morning assembly was anchored by Vasundhara, and started up with the prayer song by Grade II students. The program was continued with the "Thought for the day" by Karthik, "Word for the day" by Ujwala, "Importance of the Day" by Aanya, and a beautiful poem by Yahiya. The students participated with great eagerness and had enriched themselves with the useful information on Tea.

Mrs. Chirajitha

Talk Show On Favourite Vehicle

“Tell me and I forget, teach me and I may remember, involve me and I learn”. Benjamin Franklin.

Talk Show is an important part of child's learning development as it helps them to organize information and builds their confidence and it's a chance for children to think 'outside the box'.

The virtual talk show activity was organized for LKG and UKG on the theme of **“My Favourite Vehicle”** on 15th December 2020. Children shared their favourite toy vehicles such as car, bicycle, ship, motorbike etc., and also spoke a few lines on the same, beginning with their self-introduction. Children thoroughly enjoyed this activity and the performance they gave on their first virtual talk show was worth appreciating. **Mrs. M.R.Deepika**

Vijay Diwas

“The true soldier fights not because he hates what is in front of him, but because he loves what is behind him.”

Vijay Diwas is celebrated on December 16th every year to recall the victory of India over Pakistan in 1971. This day led to the liberation of East Pakistan and the creation of the new state of Bangladesh. On December 16th, 1971, the Chief of the Pakistani Forces, General Niazi along with his 93,000 soldiers surrendered to Indian forces. Vijay Diwas is also celebrated as 'Bijoy Dibos' or Bangladesh Liberation Day in Bangladesh, which signifies the official independence of Bangladesh from Pakistan. The students of grade 7 conducted a special assembly on “Vijay Diwas” on 16th December 2020. The students showed the glimpses of Vijay Diwas and paid tribute to the soldiers who offered their lives to our country. They also shared an inspirational thought, a new word and a thought-provoking message. Kudos to all the students for the informative assembly!

Mr.Praveen

Memory Game

students of grade 6 to 10. It was really a fun-filled activity for all children. Memory games not only shape our memory but also they allow us to socialize and have fun time which enhances our overall well being. There are many benefits of memory. Some of the memory games exercise the brain and improves concentration. Memory games enhance other brain functions such as attention level, reading and reasoning skills. This game helps children develop their cognitive abilities necessary for children to do well in schools.

Mrs. Madhuri Mishra

“The best thing about memories is making them.”

A unique competition on memory game was conducted on 18th December 2020 for the

Caring for Others

Caring for others is an important aspect of engaging in relationships with others. We improve our relationships when we demonstrate interest, concern and attention and it also helps us to become less self-absorbed and more empathetic.

There may be times when our concern is an automatic response. If we see someone injured or hear a distressing piece of news our concern often is to immediately engage. We may well assist them at the time, follow-up afterwards, remember to enquire when we see them next. Being interested and attentive can come automatically on those occasions. To develop the habit of caring others, the students of JHCS, Shamirpet from grade 1st to 10th conducted a week-long assembly from 21st December 2020 to 24th December 2020. The students presented an inspirational thought, a new word, news for the day and an article each day. The assemblies were very helpful in learning how to care about others.

Mr. P.Praveen

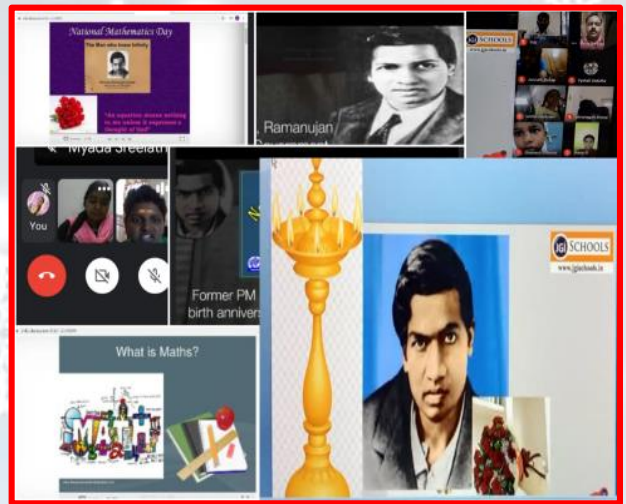

“When someone truly cares about you, he/she makes an effort not an excuse”.

National Mathematics Day

“Mathematics is not about numbers, equations, computations and algorithms: it is about understanding.”

Morning assembly helps us to cultivate a sense of belonging towards our school. It trains us to behave well and learn to respect and appreciate what others have done for us. **National Mathematics Day** is celebrated every year on December 22nd across the nation to recognize and celebrate the works of Srinivasa Ramanujan. It was on this day in 1887, the Indian mathematical genius Srinivasa Ramanujan was born. The mathematical genius Ramanujan was born to a Tamil Brahmin Iyengar family at Erode, Tamil Nadu. The former Prime Minister Manmohan Singh, on February 26th, 2012, declared December 22nd as the **National Mathematics Day** to mark the mathematician’s birth anniversary. The National Mathematics Day is celebrated across the country with several educational events in schools and colleges. The students of grade V presented a special assembly on the theme “**National Mathematics Day**” on 22nd December 2020. All the students of grade V participated in this assembly in which a thought for the day and a new word and importance of National Mathematics Day and puzzles were discussed. Every student was extremely interested in understanding the importance of National integration. **Mr.B.Srinivas**

Kisan Diwas

भारत में National Farmers Day को हिंदी में किसान दिवस के रूप में भी जाना जाता है। किसान दिवस हर साल 23 दिसंबर को मनाया जाता है, भारतके 5वें प्रधानमंत्री चौधरी चरण सिंहके जन्मदिन पर, एक किसान नेता, जिन्होंने भारतीय किसानों के जीवन को बेहतर बनाने के लिए कई नीतियों की शुरुआत की। यह विभिन्न कार्यक्रमों, वाद-विवादों, प्रश्नोत्तरी प्रतियोगिताओं, चर्चाओं, कार्यशालाओं, प्रदर्शनियों, निबंध लेखन प्रतियोगिताओं और कार्यों को आयोजित करके मनाया जाता है। जैन हैरिटेज विद्यालय के कक्षा 4 के छात्रों ने ऑनलाइन कक्षा में किसान दिवस मनाया। 23 दिसंबरको एक विशेष सभा में इस अवसर को चिह्नित किया। सभा में सभी छात्रों ने भाग लिया। सभा की शुरुआत गुरु प्रार्थना और विद्यालय गीत से हुई जिसके बाद छात्रों ने किसान दिवस पर सुविचार और नया शब्द बोला और किसान दिवस के महत्व के बारे में बताया। **Mrs.Drishti Bhatia**

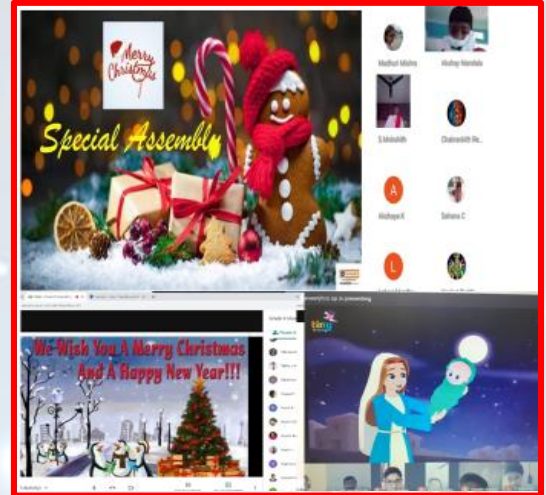

Christmas Celebrations

Christmas waves a magic wand over the world, and behold, everything is softer and more beautiful.

The much awaited festival of Christmas was celebrated virtually with fervour and

zeal by the students of JHCS, Shamirpet from grade 1 to 10 on 24th December, 2020. The students presented an array of interesting programmes. The school echoed with Christmas carols and holy hymns. The students watched a video clip on the nativity of Jesus Christ. The children were filled with joy and excitement as Santa came dancing to the tune of Jingle Bells. Importance of Christmas was spoken by the appointed students in every class.

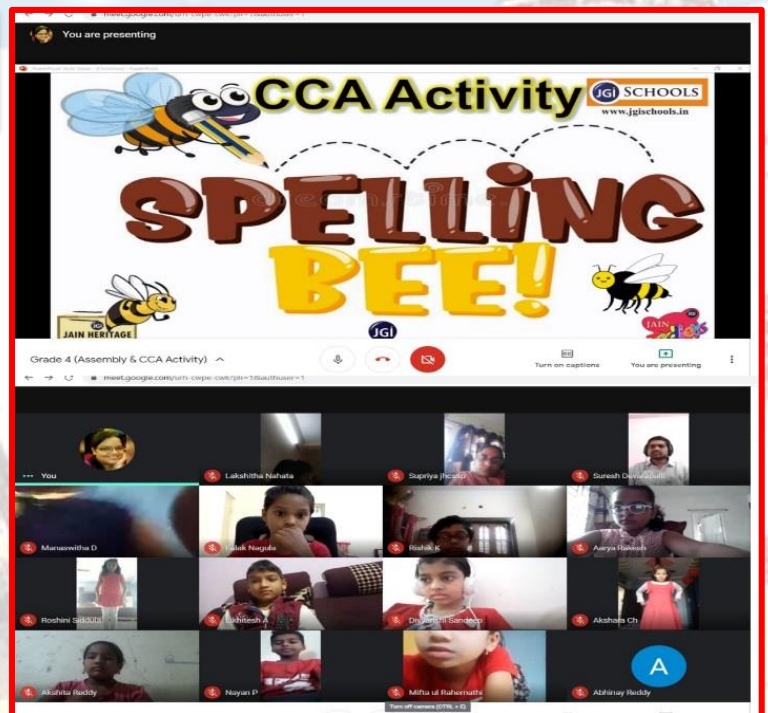

Mr. P.Praveen

Spell Bee Activity

A Spell Bee is a competition in which participants are asked to spell a variety of words, usually with a varying degree of difficulty. Knowing and learning new and difficult English words can make a person better at spellings and improve their memory. It is a classic word game in which a participant is certified with the knowledge of words one has! Primary students from grade 1 to 5 had Spell Bee on 24th December 2020. The teachers asked the students to write and spell words. Everyone has done well. It was a

fun-filled activity. Students memorized the words shared by their teachers subject wise. The activity started with easy level of words, gradually to medium level and then to difficulty level. The students enjoyed and were confused little with the words asked. The teachers prepared a ppt displaying the instructions about the activity. Ms.Saraswathi

New Resolutions

Approach the New Year with a new resolution to find the opportunities hidden in each new day.

The students of JHCS, Shamirpet had a wonderful chance to conduct assembly on the theme “New Resolutions” for a week from 28th December 2020 to 31st December 2020. The students had enough time to sit and think about resolutions. They have jotted down all the new resolutions to be followed during the new year. They shared motivational thoughts on new resolutions and new words. They spoke about importance of taking new resolutions during new year. The theme on “New Resolutions” will surely bring change in the lives of students.

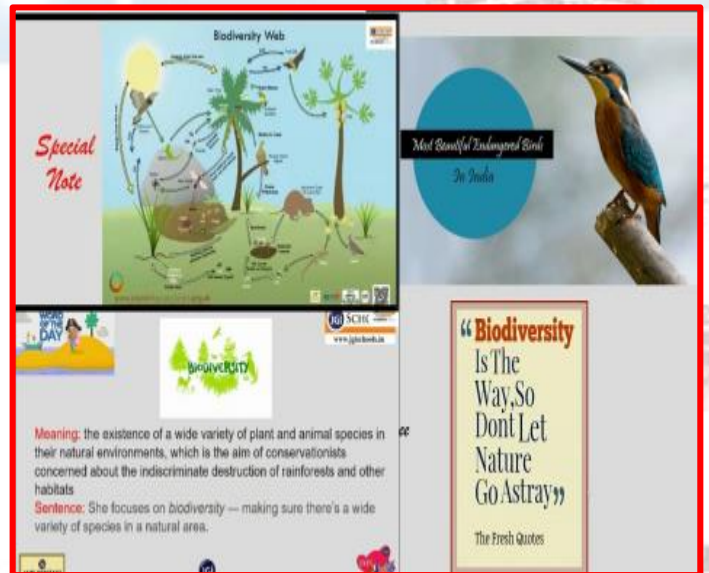

Mr. P.Praveen

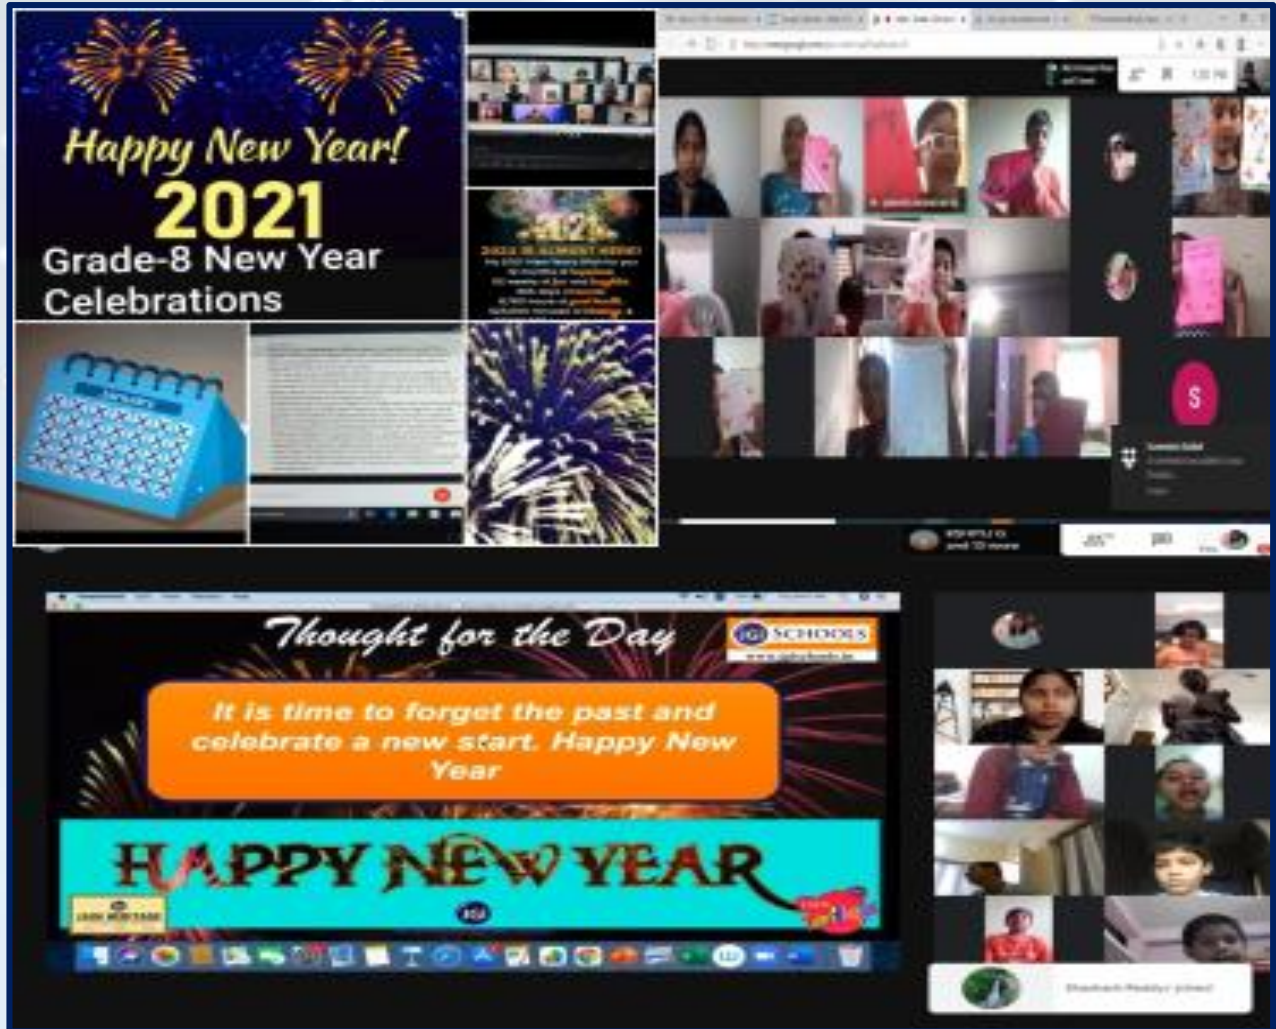

International Bio-Diversity Day

The students of grade 6 conducted a special assembly on the theme “**Biodiversity**” on 29th December 2020 with a view to generate awareness on biodiversity issues. This awareness helped students to understand importance of biodiversity for sustainable development. During the Assembly, importance of diversity, the impact of climate change, conservation needs and the efforts at the individual, local, regional, National and international levels were highlighted by the speakers.

The students presented a Power Point presentation on biodiversity, shared an inspirational thought, a new word and an article which were in sync with the theme of the day. Overall, the assembly was productive and helpful to all the students. **Mrs.Madhuri Mishra**

New Year Celebrations

What the New Year brings to you will depend a great deal on what you bring to the new year.

The students of JHCS, Shamirpet from grade 1 to 10 conducted a special assembly on "New Year" on 31 December, 2020 with great zeal and enthusiasm. The assembly started with an inspirational thought followed by a new word of the day. A few of the students have spoken on the importance of taking resolutions during the New Year. They have recalled their experiences and shared during the assembly. In some classes the students paid a tribute to the corona warriors who risked their lives during Coronavirus pandemic. Some of the students have watched a video clip on the highlights of 2020.
