"Many things can harm your global family, but in anyway-peace in the family makes the world the best place."

Global Family Day is an annual celebration observed on January 1st of every year. People all over the world find no time to spend with their family. The reason varies from person to person due to their work, living atmosphere, and so on. Spending time with the family members has reasonably reduced in recent years. To change this scenario, Global Family

Day has been established. The morning sets the day and the assembly paves the way for our students to rejuvenate their spirits, remain rooted in the moral values and unleash their vitality. The students of grade 1 conducted a special assembly on 'Global Family Day' on 2nd January 2021. The Constitution of India is the supreme law of India. The document lays down the framework demarcating fundamental political code, structure, procedures, powers, and duties of government institutions and sets out fundamental rights, directive principles, and the duties of citizens. It is the longest written constitution of any country on earth. Dr. B. R. Ambedkar, chairman of the drafting committee, is widely considered to be its chief architect.
