WORLD UFO DAY 2022: Do aliens exist? This question has been puzzling mankind for a long time leading to various theories and speculations. Connected to this thread, is the theory that suggests the existence of Unidentified Flying Objects, popularly known as UFOs.

In order to raise awareness and bring attention to these, July 2 is observed as World UFO Day. The presence of alien life is primarily argued with by UFOs and as a result, a considerable number of people are very interested in exploring the depths of this concept, if not believe in it.

World UFO Day is an awareness day for people to gather together and watch the skies for unidentified flying objects. The day is celebrated on 2nd July

The students of Grade 5 presented a special Assembly on the same.

World Zoonoses Day

World Zoonoses Day is celebrated annually every July 6.

On July 6, 1885, French biologist Louis Pasteur successfully administered the first rabies vaccine to a little boy bitten by a rabid dog. The vaccine not only prevented the child from getting rabies; it saved his life.

Rabies is just one example of many zoonotic diseases. Avian influenza, Ebola, and the West Nile Virus are some examples. Zoonotic pathogens can be viral, bacterial, or parasitic and can spread to humans through direct contact or indirectly through food, water, or the environment. It may even spread through an intermediary species. It does not just originate from wild animals like bats or monkeys.

It can also come from pets and farm animals. The use of antibiotics in animals raised for food increases the potential for drug-resistant strains of zoonotic pathogens.

My friends and I were really interested in participating in a special assembly. And getting them a wide range of knowledge in everything by involving them in such an authentic way.

To make it successful my class teacher took many rehearsals to make them confident. Thank you for your hard work and patience. It is really appreciated!!

Karthik Teja (Grade IV)

Paper bags can be used again and again with careful process. So, let's make our planet healthier and go with paper bags.

Guru Purnima

A teacher or a guru is a beacon of light in a child's life and therefore, gurus play myriad roles while nurturing their disciples. They help to build a child's mental strength by encouraging them in all their endeavors. A teacher also helps in developing an optimistic outlook towards life in children. A child can grow into a happy and healthy individual when guided rightly by their guru. A word of encouragement, motivation and appreciation from the gurus can mold a child into a better individual. That said, when a guru is there to lead his disciple or shishya on a correct path, they're likely to evolve both mentally and spiritually.

Grade VIII students presented a Special Assembly in the online mode paying respect to their teachers.

World Youth Skills Day

Young people are drivers of change and must be fully engaged in decisions affecting their future. Guided by the United Nations Youth 2030 strategy, I urge everyone to act for youth skills development as a priority, at the Summit and beyond.

Kargil Vijay Diwas

School assembly clarifies school activities, programs and focuses on co-curricular life. It strengthens work of the school. Assemblies provide a fantastic opportunity to build a strong sense of community. They help in reinforcing school's ethos, its values and its mission statement. They help in developing identity - so often the hallmark of a strong school.

To infuse the importance, the students of Grade 9 conducted a special assembly on the " Kargil Vijay Diwas "- Satya Sai, Geethika, Samyuktha, Laxmi Narasimha, Srishanth, Saketh, Sakshith and Harshil took part in accomplishing the special assembly and explained the importance of " Kargil Vijay Diwas ".

The day marks the victory of the Indian armed forces in Operation Vijay in 1999, when they evicted the infiltrators backed by the Pakistani army from high outposts in the Kargil sector. The Kargil war was fought for more than 60 days and ended with India regaining control of all the previously held territory.

On July 26, 1999, the Indian Army recaptured all the military posts in Kargil that had been occupied by Pakistani troops and militants. In honour of the Army's successful mission (called Operation Vijay), July 26 is celebrated as Kargil Vijay Diwas every year.

The assembly was theme based, well planned and carefully conducted under the abled guidance of Grade 9 Social Science teacher.
